Government Revamped

Prisoners Freed By Coup in Ghana

ACCRA, Ghana (AP) — Relatives cheered as Ghana's new military leaders released 450 political prisoners from Kwame Nkrumah's jails.

Thousands crowded around the massive Ussher Fort and other jails Friday to greet those coming out with kisses and tears. Many of the detainees were feeble and ill after years in prison.

Even as special police loyal to Nkrumah put up a last-ditch stand at Accra's radio station, Lt. Gen. J. A. Ankrah, chief of the new National Liberation Council, appointed a seven-man group of experts to get Ghana's economy moving again.

The group included officials whose carefully laid economic plans the new regime said had been distorted or ignored by Nkrumah. Among them were Albert Adomakoh, head of the Bank of Ghana, R. S. Ame-

gashie, and B. K. Mensah. The latter two were educated in the United States.

A number of special police were reported killed during the battle at Broadcast House which, informants said, erupted during a visit there by Col. E. K. Kotoka. Kotoka is believed to have led the revolt that overthrew Nkrumah Thursday while the ousted leader was on a visit to Peking.

Otherwise the country was calm, but army and police pressed their hunt for officials of Nkrumah's Convention People's party which was outlawed after the coup.

Paper in Line
The Ghanaian Times, formerly a special organ of the Convention People's party, quickly fell into line with the coup. The army raided the Kwame Nkrumah Ideological Institute 40 miles outside Accra Friday.

But Don't Make Plans

Northeastern UW May Open by '68

Post-Crescent Madison Bureau

MADISON — It may be possible to open the doors of the new University of Wisconsin third and fourth year branch campus at its proposed Green Bay location in the fall of 1968.

But prospective students should not make hard and fast plans on the basis of an operating institution at that time, state officials said here Friday.

When Assemblyman Glen Pommerening, chairman of the selection committee which Friday proposed the Green Bay location, remarked that it may be possible to arrange an opening in 1968, President Harrington of the University agreed, but cautioned:

"That is probably a little early. We will work toward it. But I wouldn't want expectations to be too high."

Swift Action
Pommerening said the 1968 opening may be realized, if all remaining problems are resolved with a minimum of difficulty and there is maximum cooperation between local and university officials, and swift endorsement of the planning and construction of the university by the Coordinating Committee, the building commission, and the legislature.

Pommerening evidently plans to push for immediate ratification of the site recommendation when the Coordinating Committee for Higher Education and the state building commission meet to receive his committee report next month. As far as can be determined now, objections by the two agencies are unlikely. Pommerening is a member of the building commission and has said that he will ask for the early appointment of an architect to start preparing the campus development.

Woman Would Pay Oleo Tax

MILWAUKEE (AP)—A woman's leader seeking repeal on Wisconsin's ban on the sale of colored oleomargarine, voiced willingness Friday to accept a five cents per pound tax on the product.

Mrs. R. V. Anderson, chairman of the legislative committee of the Wisconsin Federation of Women's Clubs, said the tax proposal would be offered in the May session of the Legislature as a compromise move in the repeal drive.

She hailed the vote Thursday by the Golden Guernsey Dairy Cooperative calling for repeal and said it was "a real major breakthrough."

New Mexico Mourns Its Young Hero

21-Year-Old Man Fell on Grenade To Save Comrades

LOS LUNAS, N.M. (AP) — All across New Mexico flags fly at half staff today. But the mourning is greatest in this rural community where a war hero has come home for the last time.

His name was Daniel Fernandez. Last week, the 21-year-old Army specialist fourth class deliberately threw himself over an exploding grenade in Viet Nam.

He died. But his buddies lived. "Greater love than this no one has, that one lay down his life for his friends."

In Gymnasium
With that simple passage from the Gospel of St. John, the Rev. Francis Schuler will begin his sermon at a Requiem High Mass for Fernandez, held, not in a church, but in a school gymnasium so that more of the youth's friends might be able to attend.

After the Mass, the body will be taken to Santa Fe, about 90 miles north, for burial.

An eight-man rifle squad will fire a graveside salute and a bugler will sound Taps.

Lt. Gov. Mack Easley, acting in the absence of Gov. Jack M. Campbell, issued orders that flags in the state dip in tribute to the young hero today.

Chicago Woman Is Robbed by 'Batman'

CHICAGO (AP) — Zwo! "His face was covered with a Batman mask and he was wearing bat gloves," Mary Green told police in describing a man who robbed her Friday.

Mrs. Green, 45, said she was returning through an alley to her apartment from a neighborhood grocery when a man approached partly costumed like Batman on television.

Second Assault in Two Days

U. S. Marines Fight Off Viet Cong As Reds Step Up Pace of Attacks

SAIGON, South Viet Nam (AP) — U.S. Marines fought off a determined Viet Cong attack near Chu Lai today and U.S. artillery duelled with enemy mortar fire as the Communists continued to step up their offensive.

Today's attack by about 100 Red troops on a 50-man Marine unit marked the second time in two days that the Viet Cong struck at U.S. emplacements.

A force of 160 Leathernecks hurled back a Viet Cong attack Friday night at Phu Bai, killing three Communists, spokesmen said. Marine losses were reported light.

Today's target for the Viet Cong was Phu Loi, an artillery base area 15 miles north of Saigon. U.S. spokesmen said the Reds fired 16 mortar rounds, but casualties were light.

The Viet Cong were also active in the northern part of the Mekong Delta, attacking a government outpost Friday 60 miles southwest of Saigon. A spokesman said the 60-man defense force suffered heavy casualties. For the fourth straight day, air attacks over North Viet Nam were hampered by poor weather. An Air Force spokesman said all the bombing Friday was by radar.

In the ground war, the Viet Cong attack on the U.S. Marine position began with a barrage of mortars and recoilless rifles. The main attack came at dawn when Viet Cong fighters managed to cut their way through the outer triple apron of wire.

Small Arms
As they clawed through the single inner wire strand the assault was halted by concentrated small arms fire and artillery support from the embattled Marines.

An armored troop carrier patrol from the mechanized 5th Infantry, 25th Division, surprised a Viet Cong platoon attempting to mine a bridge near Cu Chi Friday, and killed 15 of the enemy, a U.S. spokesman said.

U.S. 1st Infantry Division forces continued to make only light contact in Operational

Mastiff in the Boi Loi Woods 35 miles northwest of Saigon. The division-sized operation had discovered a claymore mine factory. Viet Cong hospitals containing antibiotics, and thousands of pounds of rice.

Rice Booby Trap
The division took light casualties when they attempted to dispose of a booby-trapped rice cache.

Elements of the 1st Brigade, 101st Airborne Division, ambushed a small Viet Cong patrol Friday north of Tuy Hoa and killed three of the enemy, the spokesman said.

The 1st Cavalry, Airmobile, Division also had contact, tangling briefly with a Viet Cong company and killing three Reds, before the Viet Cong broke contact and escaped.

A Vietnamese spokesman reported a "ferocious" battle between two Vietnamese junk fleet groups and a seaside Viet Cong combat hamlet at the mouth of the Ba Lai River about 70 miles southeast of Saigon.

The junk force exchanged fire for six hours offshore and then assaulted the village, driving off a Viet Cong company and killing three of the enemy.

U.S. and Vietnamese naval craft assisted with fire support.

Jury Convicts Porth of Murder

WINSTON-SALEM, N.C. (AP) — Robert E. Porth, a well-to-do missile engineer for Western Electric Co., was convicted Friday of first degree murder in the death of his wife late last summer.

Forsyth Superior Court Judge George M. Fountain sentenced the 57-year-old Porth to life imprisonment after the jury recommended mercy.

The all-male jury returned the verdict after 5 hours and 17 minutes of deliberation. A verdict without the mercy recommendation would have carried an automatic death penalty.

Porth's attorney, James J. Booker, gave notice of appeal to the State Supreme Court.

The body of Hilda (Jerry) Borchardt Porth, 56, a Wisconsin native, was found on a mountainside near Pulaski, Va., on Aug. 14.

CAPE KENNEDY, Fla. (AP) — The mightiest rocket ever built by the United States, a Saturn 1B, thundered skyward today in an attempt to hurl the first unmanned Apollo moonship over a blazing re-entry course.

CAPE KENNEDY, Fla. AP — The Space Agency decided to try to launch the first Apollo moonship today after first announcing the shot had been postponed.

CAPE KENNEDY, Fla. (AP) — The first attempt to launch an unmanned Apollo moonship into space was postponed today when fuel tank pressure problems developed just four seconds before the planned liftoff.

No new launching date was set immediately, but another attempt cannot be made before Monday because of a minimum two-day requirement to unload fuel, clean and dry the tanks and refuel.

The control center actually carried the countdown to zero at one point, and observers and a national television audience were disappointed when the eight first stage engines of the huge Saturn 1B booster rocket did not ignite.

The 22-story rocket, most powerful rocket ever built by the United States, was to make its launching debut as was the Apollo. It was to be the first of a long series of Apollo shots aimed at landing Americans on the moon in this decade.

The rocket was to hurl the spacecraft over a blazing 40-minute, 5,300-mile re-entry

course to test all systems and determine how well the heat shield protects the craft from blazing re-entry heat.

The shot is the first in a long series of Project Apollo firings whose goal is a manned lunar landing in this decade.

The launching will be the first for both the Saturn 1B and the Apollo spacecraft — which one day will carry three men to the moon. The Saturn 1B generates 1.6 million pounds of booster thrust and 200,000 pounds of hydrogen-powered thrust in the second stage.

The rocket is forerunner of the giant Saturn 5 which will be the moon booster.

On the maiden trip, the Saturn 1B is to hurl the Apollo ship 310 miles into space and then drive it back through the atmosphere at more than 18,000 miles an hour.

The punishing downward plunge will test such spacecraft systems as propulsion, guidance and control and the protective heat shield. Parachutes are to lower the 11,000-pound cabin section into the South Atlantic Ocean 5,300 miles southeast of Cape Kennedy after a flight of nearly 40 minutes. Recovery will be attempted.

Red Defector Kills Himself

Notes Author of 'I Chose Freedom' Feared Reprisal

NEW YORK (AP) — Since he defected from the Soviet Union in World War II Victor A. Kravchenko lived in fear of assassination by Soviet agents.

His vigil by the window of his apartment caused his neighbors to joke that "Peter Martin," as he was known, must be a Russian spy.

He died by his own hand Friday, police said, in a sense a victim of the cold war.

Kravchenko, 61, author of the best-selling "I Chose Freedom," left a rambling note indicating despondency.

A friend, Robert St. Clair, said Kravchenko had been depressed about the American government's failure to take his advice on how to improve U.S.-Soviet relations, the war in Viet Nam and his own financial problems.

He shot himself in the right temple with a 38-caliber pistol he kept to protect himself.

Expect Million Collegians to Take Draft Test

Exams Will Help Draft Boards in Giving Deferrals

WASHINGTON (AP) — One million draft-eligible students are expected to take the Selective Service college qualification tests this spring. The exams will help draft boards determine whether the students may stay in school or be drafted.

Selective Service announced Friday that the test would be given on May 14, May 21 and June 3 at 1,200 locations throughout the continental United States, Hawaii, Alaska, Puerto Rico and the Canal Zone.

Draft deferment tests were last used during the Korean war.

Test Optional
College students and high school students graduating this year will be eligible — but they must apply to take the test by April 23. The test is optional.

Science Research Associates of Chicago will administer the exams which will be similar to general aptitude tests. About 50 per cent will relate to verbal and linguistic skills and the other 50 per cent to quantitative reasoning.

The three-hour test will cover four areas: reading comprehension; verbal relations; arithmetic reasoning; and data interpretation.

A Selective Service spokesman said the test has been so constructed that no special advantage will be given to any

Special Senate Session

No Debaters Present For Viet Nam Debate

By HARRY KELLY
WASHINGTON (AP) — The Senate meets today for a special Saturday session of the great Viet Nam debate — with no debaters in sight.

Acting Democratic Leader Russell B. Long said he sent wires to all senators — including himself — pleading "If you make a speech, I will make your speech."

News Conference
Johnson held a news conference in his office today with Viet Nam to be the principal subject of discussion.

Vice President Hubert H. Humphrey all but sent his regrets Friday in response to an invitation from Chairman J. W. Fulbright to discuss his Asian trip and foreign aid commitments with the Foreign Relations Committee.

With its well-publicized televised hearings, Fulbright's group has been at the center of the debate criticizing Johnson's Asian policy.

When the vice president was asked about Fulbright's invitation to appear at a closed hearing, he remarked:

"I suggest congressmen should be looking for new issues and new copy and not be having replays."

Briefed Committee
He observed that he had already briefed the members of the committee along with others at the White House session the day after his return from Asia and, all in all, had met with almost every member of Congress who is in the city.

He also said he was working up a report on the trip for the President which would be made public.

Fulbright said some members of the committee wanted to hear from Humphrey as well as Secretary of Defense Robert S. McNamara before acting on the additional Viet Nam foreign aid requests of the administration.

Indonesia Uneasy

Tanks, Troops Block Roads to Palace of President Sukarno

SINGAPORE (AP) — Indonesian tanks, armored cars and troops blocked all roads to President Sukarno's palace today against student demonstrations, reliable sources said.

The atmosphere in Jakarta was "tense — almost explosive" in the wake of Sukarno's crackdown on student rallies, the sources said.

The anti-Communist, proarmy Indonesian Student Action Front — KAMI — banned by Sukarno Friday, received a pledge of support from the 150,000-member Moslem Students Union, the informants added.

Support Unsure
But it was not known if the army would continue to give tacit support for the students, who have demonstrated to protest Sukarno's ouster of Gen. Abdul Harris Nasution as defense minister.

Sukarno outlawed KAMI after three days of massive demonstrations. Radio Jakarta said Friday. He banned all demonstrations and imposed a curfew on the capital, the radio added.

A broadcast today indicated that the curfew now extends 2½ hours longer. Radio Jakarta said it would be in effect from 9:30 p.m. to 6 a.m.

Funeral Parade
KAMI led a five-mile-long funeral parade of 10,000 students through Jakarta Friday in connection with protests over Sukarno's Cabinet shakeup.

Marines and police with machine guns watched the march but the army sympathized with the students, reports in Singapore said.

The funeral parade was organized after it was reported that three students — one a girl — were shot dead by guards during another KAMI demonstration outside Sukarno's palace Thursday. The students were demonstrating against the ouster of Nasution, an anti-Communist who led a purge of Communists after the Oct. 1 coup attempt.

Sources in Singapore reported that three KAMI students were killed Thursday and two wounded the day before in demonstrations outside the palace. The Malaysian government radio said at least five students were killed, five seriously wounded and 14 slightly injured during protests last week.

Nasution has disappeared. Turn to Page 6, Col. 4

Syrian Coup Leaders Name Civilian Heads

Curfew Rules Are Relaxed as City Returns to Calm

DAMASCUS, Syria (AP) — Syria's coup leaders named two civilians to head the new regime Friday night and relaxed curfew restrictions.

The left-wing military junta which seized power last Wednesday named Dr. Nouredin Atassi, 36, as chief of state, replacing deposed Gen. Amin Hafez.

Dr. Youssef Zayzen, 35, was appointed prime minister in place of Salah Bitar. The announcements, made over Radio Damascus, did not identify the members of the junta, which calls itself the "Temporary Command" of the Arab Socialist Baath party.

Civilian Members
Other civilian members of the government were expected to be chosen from former Cabinet members of a three-month government headed by Zayzen last year. That government fell in December when more moderate Baathists installed Bitar as premier.

The "Temporary Command" announced that it would remain in power during an unspecified transition period and would retain the authority to fire the head of state and Cabinet members.

Observers said this indicated that Atassi and Zayzen, both physicians, were a front for the junta to reduce its military involvement.

Most of the troops, tanks and armored cars that moved into the center of the capital during the first two days of the coup have withdrawn to the outskirts of Damascus.

The radio announced that starting today residents will be allowed into the streets from 5 a.m. to 9 p.m. Normal working hours will be resumed in government offices, institutions and schools, the radio said.

All in All, a Lovely Time to Ski, Ice Fish
Fox Cities — Fair tonight. Increasing cloudiness Sunday. Little change in temperature. Low tonight near 15, high Sunday near 35. Light and variable winds tonight.

Appleton — Observations at 10 a.m. today. Temperatures for the 24 hours: High 35, low 16. Wind 6 miles an hour out of the northeast. Barometer, 30.36 and rising. Relative humidity 75. Dew point 20. Temperature: 26. Skies are clear.

Sun sets at 5:36 p.m., rises Sunday at 6:36 a.m. Moon sets tomorrow at 12:10 a.m. Visible planets: Mercury, sets at 6:55 p.m.; Jupiter, sets at 2:05 a.m.; Venus, rises at 4:42 a.m.

Benjamin Capps, Six Months, is doing fine after undergoing recent heart surgery where his body temperature was lowered to 68 degrees and his heart stopped for 32 minutes while two heart defects were repaired. Benjy's mother, Mrs. Ted Capps, wife of an Air Force Lieutenant, holds her now healthy youngster at their Everett, Wash., home. Benjy's body temperature was lowered by placing him in a washtub filled with sacked ice. After surgery, he was warmed up by being placed in 105-degree water. (AP Wirephoto)

grenade to shield companions in Viet Nam. Watching, from left, are his parents, Mr. and Mrs. Jose I. Fernandez, and his sister, Rita, Los Lunas, N. M. (AP Wirephoto)

Government Revamped

Prisoners Freed By Coup in Ghana

ACCRA, Ghana (AP) — Relatives cheered as Ghana's new military leaders released 450 political prisoners from Kwame Nkrumah's jails.

Thousands crowded around the massive Ussher Fort and other jails Friday to greet those coming out with kisses and tears. Many of the detainees were feeble and ill after years in prison.

Even as special police loyal to Nkrumah put up a last-ditch stand at Accra's radio station, Lt. Gen. J. A. Ankrah, chief of the new National Liberation Council, appointed a seven-man group of experts to get Ghana's economy moving again.

Economic Leaders
The group included officials whose carefully laid economic plans the new regime said had been distorted or ignored by Nkrumah. Among them were Albert Adomakoh, head of the Bank of Ghana, R. S. Ame-

gashie, and B. K. Mensah. The latter two were educated in the United States.

A number of special police were reported killed during the battle at Broadcast House which, informants said, erupted during a visit there by Col. E. K. Kotoka. Kotoka is believed to have led the revolt that overthrew Nkrumah Thursday while the ousted leader was on a visit to Peking.

Otherwise the country was calm, but army and police pressed their hunt for officials of Nkrumah's Convention People's party which was outlawed after the coup.

Paper in Line
The Ghanaian Times, formerly a special organ of the Convention People's party, quickly fell into line with the coup.

The army raided the Kwame Nkrumah Ideological Institute, 40 miles outside Accra Friday.

But Don't Make Plans

Northeastern UW May Open by '68

Post-Crescent Madison Bureau

MADISON — It may be possible to open the doors of the new University of Wisconsin third and fourth year branch campus at its proposed Green Bay location in the fall of 1968.

But prospective students should not make hard and fast plans on the basis of an operating institution at that time, state officials said here Friday.

When Assemblyman Glen Pommerening, chairman of the selection committee which Friday proposed the Green Bay location, remarked that it may be possible to arrange an opening in 1968, President Harrington of the University agreed, but cautioned:

"That is probably a little early. We will work toward it. But I wouldn't want expectations to be too high."

Swift Action

Pommerening said the 1968 opening may be realized, if all remaining problems are resolved with a minimum of difficulty and there is maximum cooperation between local and university officials, and swift endorsement of the planning and construction of the university by the Coordinating Committee, the building commission, and the legislature.

Pommerening evidently plans

Woman Would Pay Oleo Tax

MILWAUKEE (AP) — A woman's leader seeking repeal on Wisconsin's ban on the sale of colored oleomargarine voiced willingness Friday to accept a five cents per pound tax on the product.

Mrs. R. V. Anderson, chairman of the legislative committee of the Wisconsin Federation of Women's Clubs, said the tax proposal would be offered in the May session of the Legislature as a compromise move in the repeal drive.

She hailed the vote Thursday by the Golden Guernsey Dairy Cooperative calling for repeal and said it was "a real major breakthrough."

New Mexico

Mourns Its Young Hero 21-Year-Old Man Fell on Grenade To Save Comrades

LOS LUNAS, N.M. (AP) — All across New Mexico flags fly at half staff today. But the mourning is greatest in this rural community where a war hero has come home for the last time.

His name was Daniel Fernandez. Last week, the 21-year-old Army specialist fourth class deliberately threw himself over an exploding grenade in Viet Nam.

He died. But his buddies lived. "Greater love than this no one has, that one lay down his life for his friends."

In Gymnasium
With that simple passage from the Gospel of St. John, the Rev. Francis Schuler will begin his sermon at a Requiem High Mass for Fernandez, held, not in a church, but in a school gymnasium so that more of the youth's friends might be able to attend.

After the Mass, the body will be taken to Santa Fe, about 90 miles north, for burial.

An eight-man rifle squad will fire a graveside salute and a bugler will sound Taps.

Lt. Gov. Mack Easley, acting in the absence of Gov. Jack M. Campbell, issued orders that flags in the state dip in tribute to the young hero today.

Chicago Woman Is Robbed by 'Batman'

CHICAGO (AP) — "Zwo!" "His face was covered with a Batman mask and he was wearing bat gloves," Mary Green told police in describing a man who robbed her Friday.

Mrs. Green, 45, said she was returning through an alley to her apartment from a neighborhood grocery when a man approached partly costumed like Batman on television.

Second Assault in Two Days

U. S. Marines Fight Off Viet Cong As Reds Step Up Pace of Attacks

SAIGON, South Viet Nam (AP) — U.S. Marines fought off a determined Viet Cong attack near Chu Lai today and U.S. artillery duelled with enemy mortar fire as the Communists continued to step up their offensive.

Today's attack by about 100 Red troops on a 30-man Marine unit marked the second time in two days that the Viet Cong struck at U.S. emplacements.

A force of 160 Leathernecks hurled back a Viet Cong attack Friday night at Phu Bai, Ky., three Communists, spokesmen said. Marine losses were reported light.

Today's target for the Viet Cong was Phu Loi, an artillery base area 15 miles north of Saigon. U.S. spokesmen said the Reds fired 15 mortar rounds, but casualties were light.

The Viet Cong were also active in the northern part of the Mekong Delta, attacking a government outpost Friday.

A spokesman said the defense force suffered heavy casualties. For the fourth straight day, air attacks over North Viet Nam were hampered by poor weather. An Air Force spokesman said all the bombing Friday was by radar.

In the ground war, the Viet Cong attack on the U.S. Marine position began with a barrage of mortars and recoilless rifles. The main attack came at dawn when Viet Cong fighters managed to cut their way through the outer triple apron of wire.

Small Arms
As they clawed through the single inner wire strand the assault was halted by concentrated small arms fire and artillery support from the embattled Marines.

An armored troop carrier patrol from the mechanized 5th Infantry, 25th Division, surprised a Viet Cong platoon attempting to mine a bridge near Chu Chi Friday, and killed 15 of the enemy, a U.S. spokesman said.

U.S. 1st Infantry Division forces continued to make only light contact in Operational

Apollo Fired Despite Fuel System Failure

Officials First Postpone, Then Reschedule Launch For Today From Cape

CAPE KENNEDY, Fla. (AP) — The mightiest rocket ever built by the United States, a Saturn IB, thundered skyward today in an attempt to hurl the first unmanned Apollo moonship over a blazing re-entry course.

CAPE KENNEDY, Fla. AP — The Space Agency decided to try to launch the first Apollo moonship today after first announcing the shot had been postponed.

CAPE KENNEDY, Fla. (AP) — The first attempt to launch an unmanned Apollo moonship into space was postponed today when fuel tank pressure problems developed just four seconds before the planned liftoff.

No new launching date was set immediately, but another attempt cannot be made before Monday because of a minimum two-day requirement to unload fuel, clean and dry the tanks and refuel.

The control center actually carried the countdown to zero at one point, and observers and a national television audience were disappointed when the eight first stage engines of the huge Saturn IB booster rocket did not ignite.

The 22-story rocket, most powerful rocket ever built by the United States, was to make its launching debut as was the Apollo. It was to be the first of a long series of Apollo shots aimed at landing Americans on the moon in this decade.

The rocket was to hurl the spacecraft over a blazing 40-minute, 5,300-mile re-entry

course to test all systems and determine how well the heat shield protects the craft from blazing re-entry heat.

The shot is the first in a long series of Project Apollo firings whose goal is a manned lunar landing in this decade.

The launching will be the first for both the Saturn IB and the Apollo spacecraft — which one day will carry three men to the moon. The Saturn IB generates 1.6 million pounds of booster thrust and 200,000 pounds of hydrogen-powered thrust in the second stage.

The rocket is forerunner of the giant Saturn 5 which will be the moon booster.

On the maiden trip, the Saturn IB is to hurl the Apollo ship 310 miles into space and then drive it back through the atmosphere at more than 18,000 miles an hour.

The punishing downward plunge will test such spacecraft systems as propulsion, guidance and control and the protective heat shield. Parachutes are to lower the 11,000-pound cabin section into the South Atlantic Ocean 5,300 miles southeast of Cape Kennedy after a flight of nearly 40 minutes. Recovery will be attempted.

Red Defector Kills Himself

Noted Author of 'I Chose Freedom' Feared Reprisal

NEW YORK (AP) — Since he defected from the Soviet Union in World War II Victor A. Kravchenko lived in fear of assassination by Soviet agents.

His vigil by the window of his apartment caused his neighbors to joke that "Peter Martin," as he was known, must be a Russian spy.

He died by his own hand Friday, police said, in a sense a victim of the cold war.

Kravchenko, 61, author of the best-selling "I Chose Freedom," left a rambling note indicating despondency.

A friend, Robert St. Clair, said Kravchenko had been depressed about the American government's failure to take his advice on how to improve U.S.-Soviet relations, the war in Viet Nam and his own financial problems.

He shot himself in the right temple with a 38-caliber pistol he kept to protect himself

Expect Million Collegians to Take Draft Test

Exams Will Help Draft Boards in Giving Deferments

WASHINGTON (AP) — One million draft-eligible students are expected to take the Selective Service college qualification tests this spring. The exams will help draft boards determine whether the students may stay in school or be drafted.

Selective Service announced Friday that the test would be given on May 14, May 21 and June 3 at 1,200 locations throughout the continental United States, Hawaii, Alaska, Puerto Rico and the Canal Zone.

Draft deferment tests were last used during the Korean war.

Test Optional
College students and high school students graduating this year will be eligible — but they must apply to take the test by April 23. The test is optional.

Science Research Associates of Chicago will administer the exams which will be similar to general aptitude tests. About 50 per cent will relate to verbal and linguistic skills and the other 50 per cent to quantitative reasoning.

The three-hour test will cover four areas: reading comprehension; verbal relations; arithmetic reasoning; and data interpretation.

A Selective Service spokesman said the test has been so constructed that no special advantage will be given to any

Special Senate Session

No Debaters Present For Viet Nam Debate

By HARRY KELLY
WASHINGTON (AP) — The Senate meets today for a special four-hour address attacking Saturday session of the great Vietnam debate — with no debaters in sight.

Acting Democratic Leader Russell B. Long said he sent wires to all senators — including himself — pleading "If you have a speech to make, come make your speech."

Indonesia Uneasy

Tanks, Troops Block Roads to Palace of President Sukarno

SINGAPORE (AP) — Indonesian tanks, armored cars and troops blocked all roads to President Sukarno's palace today during another KAMI demonstration outside Sukarno's palace Thursday. The students were demonstrating against the ouster of Nasution, an anti-Communist who led a purge of Communists after the Oct. 1 coup attempt.

The atmosphere in Jakarta was "tense — almost explosive" in the wake of Sukarno's crackdown on student rallies, the sources said.

The anti-Communist, proarmy Indonesian Student Action Front — KAMI — banned by Sukarno Friday, received a pledge of support from the 150,000-member Moslem Students Union, the informants added.

Support Unsure
But it was not known if the army would continue to give tactical support for the students, who have demonstrated to protest Sukarno's ouster of Gen. Abdul Harris Nasution as defense minister.

Sukarno outlawed KAMI after three days of massive demonstrations, Radio Jakarta said Friday. He banned all demonstrations and imposed a curfew on the capital, the radio added. A broadcast today indicated the curfew now extends 2½ hours longer. Radio Jakarta said it would be in effect from 9:30 p.m. to 6 a.m.

Funeral Parade
KAMI led a five-mile-long funeral parade of 10,000 students through Jakarta Friday in connection with protests over Sukarno's Cabinet shakeup. Marines and police with machine-guns watched the march but the army sympathized with the students, reports in Singapore said.

The funeral parade was organized after it was reported that three KAMI students — one a girl — were shot dead by guards during another KAMI demonstration outside Sukarno's palace Thursday. The students were demonstrating against the ouster of Nasution, an anti-Communist who led a purge of Communists after the Oct. 1 coup attempt.

Sources in Singapore reported that three KAMI students were killed Thursday and two wounded the day before in demonstrations outside the palace. The Malaysian government radio said at least five students were killed, five seriously wounded and 11 slightly injured during protests last week.

Nasution has disappeared

Syrian Coup Leaders Name Civilian Heads

Curfew Rules Are Relaxed as City Returns to Calm

DAMASCUS, Syria (AP) — Syria's coup leaders named two civilians to head the new regime Friday night and relaxed curfew restrictions.

The left-wing military junta which seized power last Wednesday named Dr. Noured-din Atassi, 36, as chief of state, replacing deposed Gen. Amin Hafez.

Dr. Youssef Zayzen, 35, was appointed prime minister in place of Salah Bitar. The announcements, made over Radio Damascus, did not identify the members of the junta, which calls itself the "Temporary Command" of the Arab Socialist Baath party.

Civilian Members
Other civilian members of the government were expected to be chosen from former Cabinet members of a three-month government headed by Zayzen last year. That government fell in December when more moderate Baathists installed Bitar as premier.

The "Temporary Command" announced that it would remain in power during an unspecified transition period and would retain the authority to fire the head of state and Cabinet members.

Observers said this indicated that Atassi and Zayzen, both physicians, were a front for the junta to reduce its military image.

Most of the troops, tanks and armored cars that moved into the center of the capital during the first two days of the coup have withdrawn to the outskirts of Damascus.

The radio announced that starting today residents will be allowed into the streets from 5 a.m. to 9 p.m. Normal working hours will be resumed in government offices, institutions and schools, the radio said.

All in All, a Lovely Time to Ski, Ice Fish

Fox Cities — Fair tonight. Increasing cloudiness Sunday. Little change in temperature. Low tonight near 16, high Sunday near 36. Light and variable winds tonight.

Appleton — Observations at 10 a.m. today. Temperatures for the 24 hours: High, 35, low, 16. Wind 6 miles an hour out of the northeast. Barometer, 30.36 and rising. Relative humidity, 75. Dew point, 20. Temperature, 26. Skies are clear.

Sun sets at 5:36 p.m., rises Sunday at 6:36 a.m. Moon sets tomorrow at 12:10 a.m. Visible planets: Mercury, sets at 6:33 p.m.; Jupiter, sets at 2:05 a.m.; Venus, rises at 4:42 a.m.

Benjamin Capps, Six Months, is doing fine after undergoing recent heart surgery where his body temperature was lowered to 68 degrees and his heart stopped for 32 minutes while two heart defects were repaired. Ben's mother, Mrs. Ted Capps, wife of an Air Force Lieutenant, holds her now healthy youngster at their Everett, Wash., home. Ben's body temperature was lowered by placing him in a washtub filled with sacked ice. After surgery, he was warmed up by being placed in 105-degree water. (AP Wirephoto)

Clintonville Port Discussion Set for March

State Commission
Runs Out of Time
To Take Up Matter

OSHKOSH — Despite the listing of Clintonville airport and its services on the agenda, the State Aeronautics Commission never got around to the subject at its meeting here Friday. The discussion of the central Wisconsin's airport was rescheduled for the agency's March meeting.

Barron County's petition for state and federal aid also was deferred until March. The commission granted approval to the American Telephone and Telegraph Co. to erect a microwave tower near Crandon. It also gave increases in state aid allotments to Sparta municipal airport at Mitchell Field at Milwaukee. Three applications for aircraft dealer certificates were approved. None were for dealers in the Fox Cities area.

Rules Take Up Time
Proposed rules under which the commission will operate, rules of procedure and policy, took up considerable meeting time. A public hearing is to be held between April 11 and May 2.

One rules change is for a longer period than 10 days for hearing notices. The reason for the change proposed lay in the argument that 10 days does not allow an interested party time to prepare his exhibits or his case prior to the hearing.

Steve Wittman, Winnebago County airport manager, said his county would like to have its expansion project pushed as fast as possible because North Central's DC-9 planes would be available in another year and runway extension to accommodate them would not be ready. Members of the commission said the group had approved the county's application for aid and had submitted it to the Federal Aviation Agency.

Manawa Boy FFA Winner

Stanley Boutwell's
Talk Tops in
District Contest

MANAWA — Stanley Boutwell, Manawa High School, won first place in the district Future Farmers of America speaking contest, Wednesday and will compete in the sectional contest in March. His topic was "Education Versus Hunger".

Other participants were William Opperman, Iowa - Scandinavia; James Habeck, Clintonville; and Niel Lorge, Bear Creek.

The boys were scored on voice, stage performance, power of expression, response to questions and general effect of their original seven-minute speeches. Judges were Philip Jeske, Waupaca County 4-H agent; Walter Ostreich, former agriculture instructor at Rosholt; and Mrs. Honor Testin, English instructor at Manawa High School.

The boys' advisers were William Shaw, Bear Creek; Robert Schioman, Clintonville; Orland Abel, Iowa-Scandinavia; and Ronald Elmhurst, Manawa.

Clintonville Masons Make Plans for Annual Washington Dinner

CLINTONVILLE — Clintonville Lodge 197 Free and Accepted Masons will have its annual George Washington dinner for all Master Masons at 6:30 p.m. Monday at the Masonic Temple.

The dinner will be followed by a business meeting and program. A skit will be presented based on the 20th, or "George Washington," degree in the Masonic Consistory.

Limited State Aid For Port Projects Hit At Oshkosh Parley

Head of Brown County Facility
Calls Distribution Inequitable

OSHKOSH — Maximum state aid of only \$30,000 to airports and lack of a system of airport

Race Hit for Silence on Milk Supports

Steiger Says Dairy
Farmers Overlooked
By Congressman

GREEN LAKE — Assemblyman William A. Steiger, Oshkosh, candidate for Republican endorsement for 6th District congressman, Thursday night claimed that the January, 1966, drop in milk production of 5.3 per cent below the production level of January, 1965, indicates a potential milk shortage and attacked Rep. John Race's silence on the problems of dairy farmers.

Speaking at the Green Lake County Republican caucus, Steiger said that the administration's budget reflects its determination to keep federal dollars pouring into the big city areas, despite inflation, despite the costs of the Viet Nam war, and despite the needs of rural America.

"Agricultural surpluses are rapidly becoming a thing of the past," Steiger stated, "yet the administration has offered no creative agriculture policy for the new days of demand ahead."

Race Silent
"At a time when congressmen like Rep. Melvin Laird (R-Marshfield), are rightly calling for an increase in milk price supports to insure an adequate supply of milk, the Democratic congressman from the 6th District is silent on this problem," Steiger charged.

"As the representative of dairy farmers in this district, why isn't our congressman requesting the secretary of agriculture to raise the support level for milk to at least \$3.75 per hundred pounds of milk with 3.75 pounds of butterfat?" the Assemblyman demanded. Steiger said that the people of the Sixth District should not have to rely on Congressmen from neighboring districts for leadership in areas of such vital concern to their welfare.

Rhinelanders Recommended For Far Northeast UW Site

MADISON — In a surprise development, a committee of state officials studying sites for new University of Wisconsin campuses today urged establishment of a new four-year collegiate institution to serve the far northeastern counties of the state, probably at a Rhineland location.

The proposal was unexpectedly offered in the report of the committee which today recommended a location on the eastern edge of the city of Green Bay for the establishment of a new branch campus of the University of Wisconsin for the Fox River Valley district.

Northeast Area
The review of the far northeastern counties educational requirements was not before the committee formally, but Assemblyman Glen Pommerening, chairman, said it "felt constrained to comment" about the fact that the broad northeastern corner of the state is not now being served by either a public supported higher education system or private collegiate institution.

Annual Meet To Draw 100 Skiers to Iola

Hill in Good Shape at
Second Scheduling
Of Sanctioned Event

IOLA — More than 100 of the Midwest's top skiers are scheduled to compete in the 8th annual USSA sanctioned senior ski meet here Sunday.

The meet will start at 1:30 p.m. at the ski hill, 5 miles north of Iola. Original plans called for the meet to be held Feb. 13 as part of the Iola Winter Carnival, but it had to be canceled for lack of snow.

Since then, workmen have hauled tons of snow to the hill putting it in good condition for the meet, a spokesman for the Winter Carnival Committee said.

Eau Claire Entry
Among the skiers competing for honors will be Billy Olson, senior rider from Eau Claire, who set the Iola ski hill record with a 155 foot leap in 1963.

Roger Voie, secretary of the Iola Ski Club said Olson will be challenged by Larry Berg, another senior rider from Eau Claire who set a previous hill record of 147 feet in 1960.

Arne Oby, senior rider from Norway, sponsored by the Norge Ski Club of Chicago, is registered to attend the Iola meet. Voie said. Each year the Chicago club picks key skiers from Norway, pays their expenses to the United States and sends them to selected ski meets. Oby will compete along with several others from the Chicago Club.

After the meet skiers and officials will be dinner guests of the Iola Club. Awards then will be presented to top skiers of the day.

Potential Members Invited to Monday Dinner

New London Chamber Completes Plans for Membership Kickoff

NEW LONDON — Final plans for a membership drive kickoff dinner at the Rainbow Club per Club 6 p.m. Monday were made at a Chamber of Commerce breakfast meeting Thursday.

More than 50 potential Chamber members have received written invitations to the dinner and are being asked to serve on the drive committee. Members of the chamber's membership committee will make telephone or personal contacts with the 50 persons before Monday to confirm dinner reservations.

Norman Hanson, membership chairman, is in charge of arrangements for the dinner. He will explain the new fair share dues plan.

Summarize Budget
W. A. Bender, president, will summarize the 1966 budget and planned programs for the year.

An operating budget of about \$8,000 is being planned. Bender also will report on how fair share plans have worked in Wisconsin Rapids, Fort Atkinson and Lake Geneva.

The meeting is being held with the Rotary and Lions Clubs.

Membership Committee
Persons asked to serve on the membership committee were Harold Rieckmann, Robert Kersy, Marshall Ladwig, Orville Patton, Donald Pederson, Wallace Gruening, Roger Metz, David Smith, Martin Fuerst, Don Altkinson and Lake Geneva.

Bear Creek Boosters Plan Two Card Parties
BEAR CREEK — Two more card parties have been planned by the high school Booster Club. They are scheduled March 13 and 27 at the high school gymnasium. The committees which directed the first two parties will be in charge.

Proceeds will be used to purchase new drapes for the gymnasium.

Selection of University Site Disappointing to Fox Cities

Education Committee May Appeal Decision Locating School at Green Bay Site

BY DAVE NOWAK
Post-Crescent Staff Writer
Outagamie and Winnebago County civic leaders and municipal officials have expressed disillusionment with the recommendation of a Green Bay site for the proposed northeastern branch of the University of Wisconsin.

And, there is an indication that the Fox Cities Education Committee and area state legislators may appeal the recommendation.

The state site selection committee Friday recommended a site on the northeastern edge of Green Bay, with the majority of the land being along the Green Bay shoreline.

A site in Outagamie County was rejected on the grounds that it would be too close to Wisconsin State University-Oshkosh.

Good Reason
State Sen. Gerald Lorge (R-Bear Creek) said "we are not out of this. The site selection committee is going to have to give some pretty good reasons other than that Oshkosh is nearby."

The recommendation must now go to the State Building Commission, the Coordinating Committee on Higher Education and Gov. Warren Knowles for the final approval.

Lorge disagreed with the committee's statement that an Outagamie County site would be too close to WSU-O. "I feel an Outagamie County site would have complemented WSU-O rather than detracted from it," he commented.

"I would certainly back a Fox Cities Education Committee appeal to the State Building Commission" to have another site chosen, he added.

Alternate Needed
Lorge said the committee must propose an alternate site and if it has not, then it has not complied with the law as passed by the State Legislature.

He said statistics show that the site should be in Outagamie County. "It would be more accessible to more students in the entire Fox Valley area," Lorge added.

Assemblyman Harold Froelich (R-Appleton) said "couldn't think of a more unreasonable place to put the university as far as the center of student population is concerned."

He thinks the "committee's recommendation should be upset," adding that "it looks as though they were looking for another university on the lake like they have at Madison."

Each committee member will be given the name of four potential members.

Secretary Starts Work
Directors and the regular membership committee also will participate in the drive. Membership committee will make followup calls on persons whom the committee was unable to contact.

Emans said the chamber had hired Mrs. David Mesheke, 912 Smith St., as part time secretary. She started Monday, marking a first for the local chamber.

She will be in the chamber office from 9 a.m. to noon daily to offer assistance with chamber matters and will do the secretarial work for Emans and the chamber committees.

Weyauwega Youths to Take Scholarship Test

WEYAUWEGA — Thirty high school students will compete in the National Merit Scholarship qualifying test to be given March 1 by Frank Zabojo, principal.

The 2½ hour test of educational development is the first step in the 12th annual competition for four-year merit scholarships.

**Chilton Church Plans
Sermon on choice**
CHILTON — Worshippers at St. Martin Lutheran Church will hear Rev. Robert Novotney Jordan, director of the State projects before the FAA for the to join and their parents are asked to attend.

\$247,790 Addition

Chilton Okays Bids For School Project

CHILTON — Bids totaling may use audio-visual equipment \$247,790 were accepted by the school board Friday for the new addition to the high school which will include a library, science laboratories and a special study hall combination and two new science laboratories.

Construction on the addition is expected to begin next week, according to Supt. A. W. Gordon.

Successful bidders were general contractor, Hedrich Construction Co., Chilton, \$176,377; heating, R. P. Honold and Co., Sheboygan, \$24,966; plumbing, Household Utilities, Kiel, \$13,175; and Michalek Electrical Co., Manitowish, electrical work, \$33,250.

Original Estimate
Original cost estimate was \$200,000, which was included in the 1966 budget. To provide the extra funds, the board voted to borrow \$50,000 from the State Bank of Chilton to be paid back over a five-year period. The \$200,000 will be financed through Channer - Newman Securities Co., Chicago.

With the publication of this resolution, there will be a 30-day waiting period during which time voters may petition for a referendum on the matter.

The board authorized Gordon to instruct architect Raymond County ASC Committee has LeVe, Appleton, to prepare scheduled a meeting with the contractors. Letters of intent to sign the contracts upon termination of the 30 day waiting period will be sent to the successful bidders.

To Raise Roof
The new library - study hall will be built above the old gym. Roof of the old gym will be water pollution, for natural beauty, open spaces or wildlife the same level as the second facilities.

Plans include work space for the librarians as well as five committees who are interested in six small special projects in purchasing land for public rooms where individual students use are invited to attend.

Manawa Meeting To Describe Available Funds
MANAWA — The Waupaca to instruct architect Raymond County ASC Committee has LeVe, Appleton, to prepare scheduled a meeting with the contractors. Letters of intent to sign the contracts upon termination of the 30 day waiting period will be sent to the successful bidders.

The group will discuss federal grants available to these agencies to aid in purchasing agricultural land for recreation facilities, prevention of air or water pollution, for natural beauty, open spaces or wildlife the same level as the second facilities.

Heads of public agencies and for the librarians as well as five committees who are interested in six small special projects in purchasing land for public rooms where individual students use are invited to attend.

Proxmire Is Blamed For Lack of FAA Aid
CHILTON — "weird allocations" and that Wisconsin has never received more than the minimum.

OSHKOSH — "As long as your senior senator from Wisconsin is there, there won't be any money," Brown County officials said they were advised to consult with the FAA regional office regarding state airport not receiving any Federal Aviation Agency (FAA) aid.

Herbert Foth, consultant for Brown County's Austin Straubel State Aeronautics Commission Field, and Robert J. Smith, and the FAA since 1963 to director of the Austin Straubel extend the runway length to Field, laid this remark before 7,700 feet and for additional lighting. This would aid landing at its meeting here Friday, not only of the DC9 planes but other 4-engine planes as well.

Project May Die
Unless an allocation is received in the next three or four weeks, the project will die, they between the FAA and Sen. continued, as they urged some William Proxmire since the action by state officials to senior senator from Wisconsin secure money from Washington, urged cutting out appropriations. Jordan said he met with the FAA in Washington several weeks ago and that the state has requested \$4 million in Bay, but Oshkosh and Eau federal aid for Winnebago County as well and the other ty, Brown County and Eau states in which North Central Airlines plans to land DC9 planes next year, it was brought the FAA as to how much 1966 fiscal year funds we can get," he said.

The Brown County men received backing from Thomas K. Jordan, director of the State projects before the FAA for the to join and their parents are asked to attend.

Manawa Dam Future Causes Concern

BY LUCILLE HAHN
Post-Crescent Correspondent

MANAWA — The future of what was once a hard-working dam on the Little Wolf River has become the cause of mild concern for city officials.

A historic structure which knew the glory of the logging era, the dam has outlived its industrial usefulness but has found a new, perhaps even more important role in providing attractive residential real estate and a variety of recreation outlets.

Forms Pond
There has been city council discussion on possibly buying the dam from its present owners, the Dam Corp., to assure future maintenance but no action has been taken. Some have opined that the Town of Little Wolf, which shares in a portion of the residential real estate benefits,

should join in a purchase venture. The dam holds back the waters of the Little Wolf River, forming a mill pond that provides winter and summer fishing — it has been estimated that at times there are about 100 ice-fishing shanties on the pond — boating, some water skiing, and swimming for both city and Town of Little Wolf children.

The city sewage disposal plant is situated east of the dam, downstream along the river. If the dam were allowed to disintegrate, considerable damage to the plant could result.

Homes Near Pond
Homes have been built along the north shore of the pond in the Town of Little Wolf, overlooking the pond. If the dam goes out the homes would have swamps in their back yards instead of a sparkling pond. This might reduce the taxable value of city and town property.

The city has purchased property just north of the dam, which it hopes to develop into a park area. A new swimming beach also is planned for the area.

The dam was built between 1850 and 1860. It was first used to power a sawmill, a shingle mill and a barrel stave mill on the south end and a flour mill on the north end.

Power Plant Built
The power plant was built by the Little Wolf Lumber Co. in 1902 and generated the first 220-volt electricity to the surrounding area. It later became the Lindsay Power and Light Co. and in 1922 the plant was rebuilt to generate

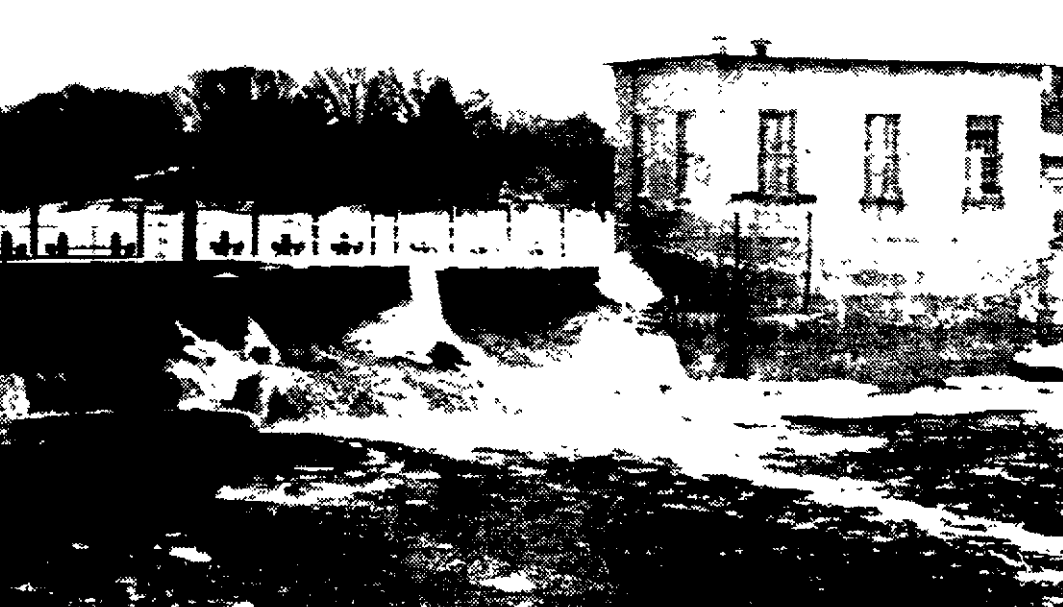

110-volt electricity as more people utilized the utility. Lindsay sold to the Wisconsin Power and Light Co. in 1927. The plant was used to generate power until 1958 when the plant and dam were sold jointly to A. Sturm and Sons and the Manawa Sales Co., with rights reserved for two years. The two companies divided the dam. Manawa Sales taking the north half and A. Sturm and Sons the south half with the power plant.

In 1960, the Dam Corp. was formed and now owns the dam proper, and the Sturms still own the power plant, which is built partly over the dam, and use it for storage. Both the Dam Corp. and A. Sturm and Sons have expressed a willingness to sell their properties to the municipality.

The Little Wolf River spills over the deteriorating Manawa Dam, a structure now owned by a private corporation which will be needing repairs soon. The city council discussed buying it. If the dam goes, the pond and its recreation and real estate value goes with it. (Hahn Photo)

The Geography of Viet Nam

More than half of the editorial page today is devoted to a detailed map of Viet Nam, including those areas of the adjoining countries of Laos, Cambodia and Thailand which are important to the Vietnamese war. *The Post-Crescent* is devoting this much space to this map in the belief that many of our readers are not intimately familiar with the geography of that area. And that geography is a vital element in the type of war being fought and in the over-all problems of Southeast Asia.

North and South Viet Nam, Laos and Cambodia are sections of what once was the French colony of Indo-China. After four years of rebellion following World War II, the French National Assembly in 1950 recognized Laos, Cambodia and Viet Nam as independent states. Fighting continued in Viet Nam, however, between the recognized government at Saigon and the Communist under Ho Chi Minh. Viet Nam was partitioned at the 17th Parallel in the Geneva Accord of 1954, which supposedly guaranteed the independence of South Viet Nam from the Communists in the North.

But the Communist guerrillas known as the Viet Cong continued in rebellion against the recognized government of South Viet Nam. Under its commitment to guarantee the independence of South Viet Nam, the United States began supplying

military assistance, including technical advisors, when it became apparent that North Viet Nam was instigating and supplying the Viet Cong. This confrontation has escalated into the Vietnamese War as we know it today.

The governments of Laos and Cambodia have attempted to maintain neutrality. But Communist infiltrators in Laos, known as the Pathet Lao, control those sections of that country adjacent to Viet Nam and supplies and reinforcements for the Viet Cong move from North Viet Nam over the so-called Ho Chi Minh trail through Laos. The Viet Cong also frequently of late have taken refuge in border areas of Cambodia.

Thailand has been an independent state for many years, and is now most friendly to the United States despite the fact that as an ally of Japan it was technically at war with us during World War II. By agreement with the Thai government we have important naval and air bases in Thailand and this country is regarded as one of the strongest bulwarks against Communist expansion in Southeast Asia.

The vast regions of Red China lie to the north of these small countries and it is the shadow of Communist aggression Chinese style which falls over all of Southeast Asia. South Viet Nam is the breadbasket of the area, so to speak, since it is the only one of these nations which raises more rice than it consumes. Those rice paddies are one of the real prizes of the war.

The Comprehensive Plan

A few weeks ago the City of Appleton was formally presented with one of the most important documents in the progress-packed history of the community—a comprehensive plan to serve as a growth and development guideline from now through the year 1985, which really isn't too far off when you think of it.

To the average citizen the comprehensive plan may represent pages of dry reading but in reality it is one of the finest current and long-term planning packages ever put together for a Fox Valley community. The credit for the job well done goes to Harland Bartholomew and Associates of St. Louis, one of the best in the planning business.

City officials, civic leaders, industrialists, merchants and Mr. and Mrs. John Q. Public had well take notice of this comprehensive plan and dedicate their future efforts to its fulfillment for the future good of Appleton and its ever-growing population and area.

The plan touches on all segments of the

future, presenting a clear-cut picture of the city's needs and outlining a sound course for seeing to it that they are met, within the realm of the community's ability to pay. It does not represent a dream but instead presents a realistic approach for coping with the future needs of the city when it comes to neighborhood rehabilitation and conservation projects, improved street and highway system, bridge construction, downtown redevelopment, schools, municipal buildings, a civic center and expanding the tax base.

The comprehensive plan has received enthusiastic welcome from those who are interested in seeing Appleton prosper and grow on an orderly basis. Contrary to comments of some uninformed critics, the plan is not a blank check for a spending spree. It is a sound, planned approach to future municipal spending and in the long run represents a money-saver.

The major task that lies ahead now is its implementation and this requires everyone's support.

Something for Everyone

The Conservative Party of America, declaring itself essential because "America needs an anti-Communist party" has a rather extensive program "for preservation of the Constitutional Republic of the United States of America." And while we have no doubt the Conservative Party spells out its principles and program in even more detailed form than a small pamphlet mailed around Wisconsin lately, we do have some puzzled questions about the how-to.

Among the programs recommended are the halt of "unilateral disarmament," the breaking of all ties with any government controlled by Communists, to "liberate Cuba from its Communist conquerors," to re-establish "free government on the mainland of China," and to "extend the frontiers of real freedom by judicious use of the financial, military and moral power of the United States." Since right now,

involved in only one relatively small war in the world, we are stepping up the draft program, considering the call-up of reserves and beefing up appropriations to pay the cost of the war, the Conservative program must be vastly expensive. Liberating Cuba would cost enough but getting rid of the Communists in China would mean a pretty penny indeed.

But also in the Conservative Party program is "the repeal of the Marxist-oriented, graduated federal income tax." This will be made practical, it seems, by the cutting back of other federal programs, particularly in business and industry. But where then is the money for those vast armies of conquest to come from? High tariffs in world trade already finding markets elsewhere?

It begins to look as if the Conservative Party is also becoming a me-too group. At least it has something for everyone in its program, just like LBJ's 1964 campaign.

People's Forum

Does Vietnamese War Serve Profit Motive?

Editor, Post-Crescent:

In the Forum Feb. 14, Mr. Gunars Zarins spared no words commenting on my letter of Feb. 4, in the Forum, misconstruing, perhaps deliberately, statements I made concerning the Viet Nam war and conditions in the U.S. — a long letter making very little sense. He even read into my letter statements I did not make. Is that how he talks intelligently on a subject?

The fact still remains that the Viet Nam war has no clearcut objectives and no honest purpose. The pretense that we are in Viet Nam at the invitation of the government, to advise it in the art of warfare, has been dropped. The military say, even if we were asked to leave we would stay and continue the war. Whatever the war may mean to the Vietnamese it is a blessing to American corporate enterprise to all the individuals who stand to gain financially from the blood, sweat, and tears of the tormented people of Southeast Asia. We are there because American business, and poli-

tics, and the military need and want the war. How else could we get prosperity?

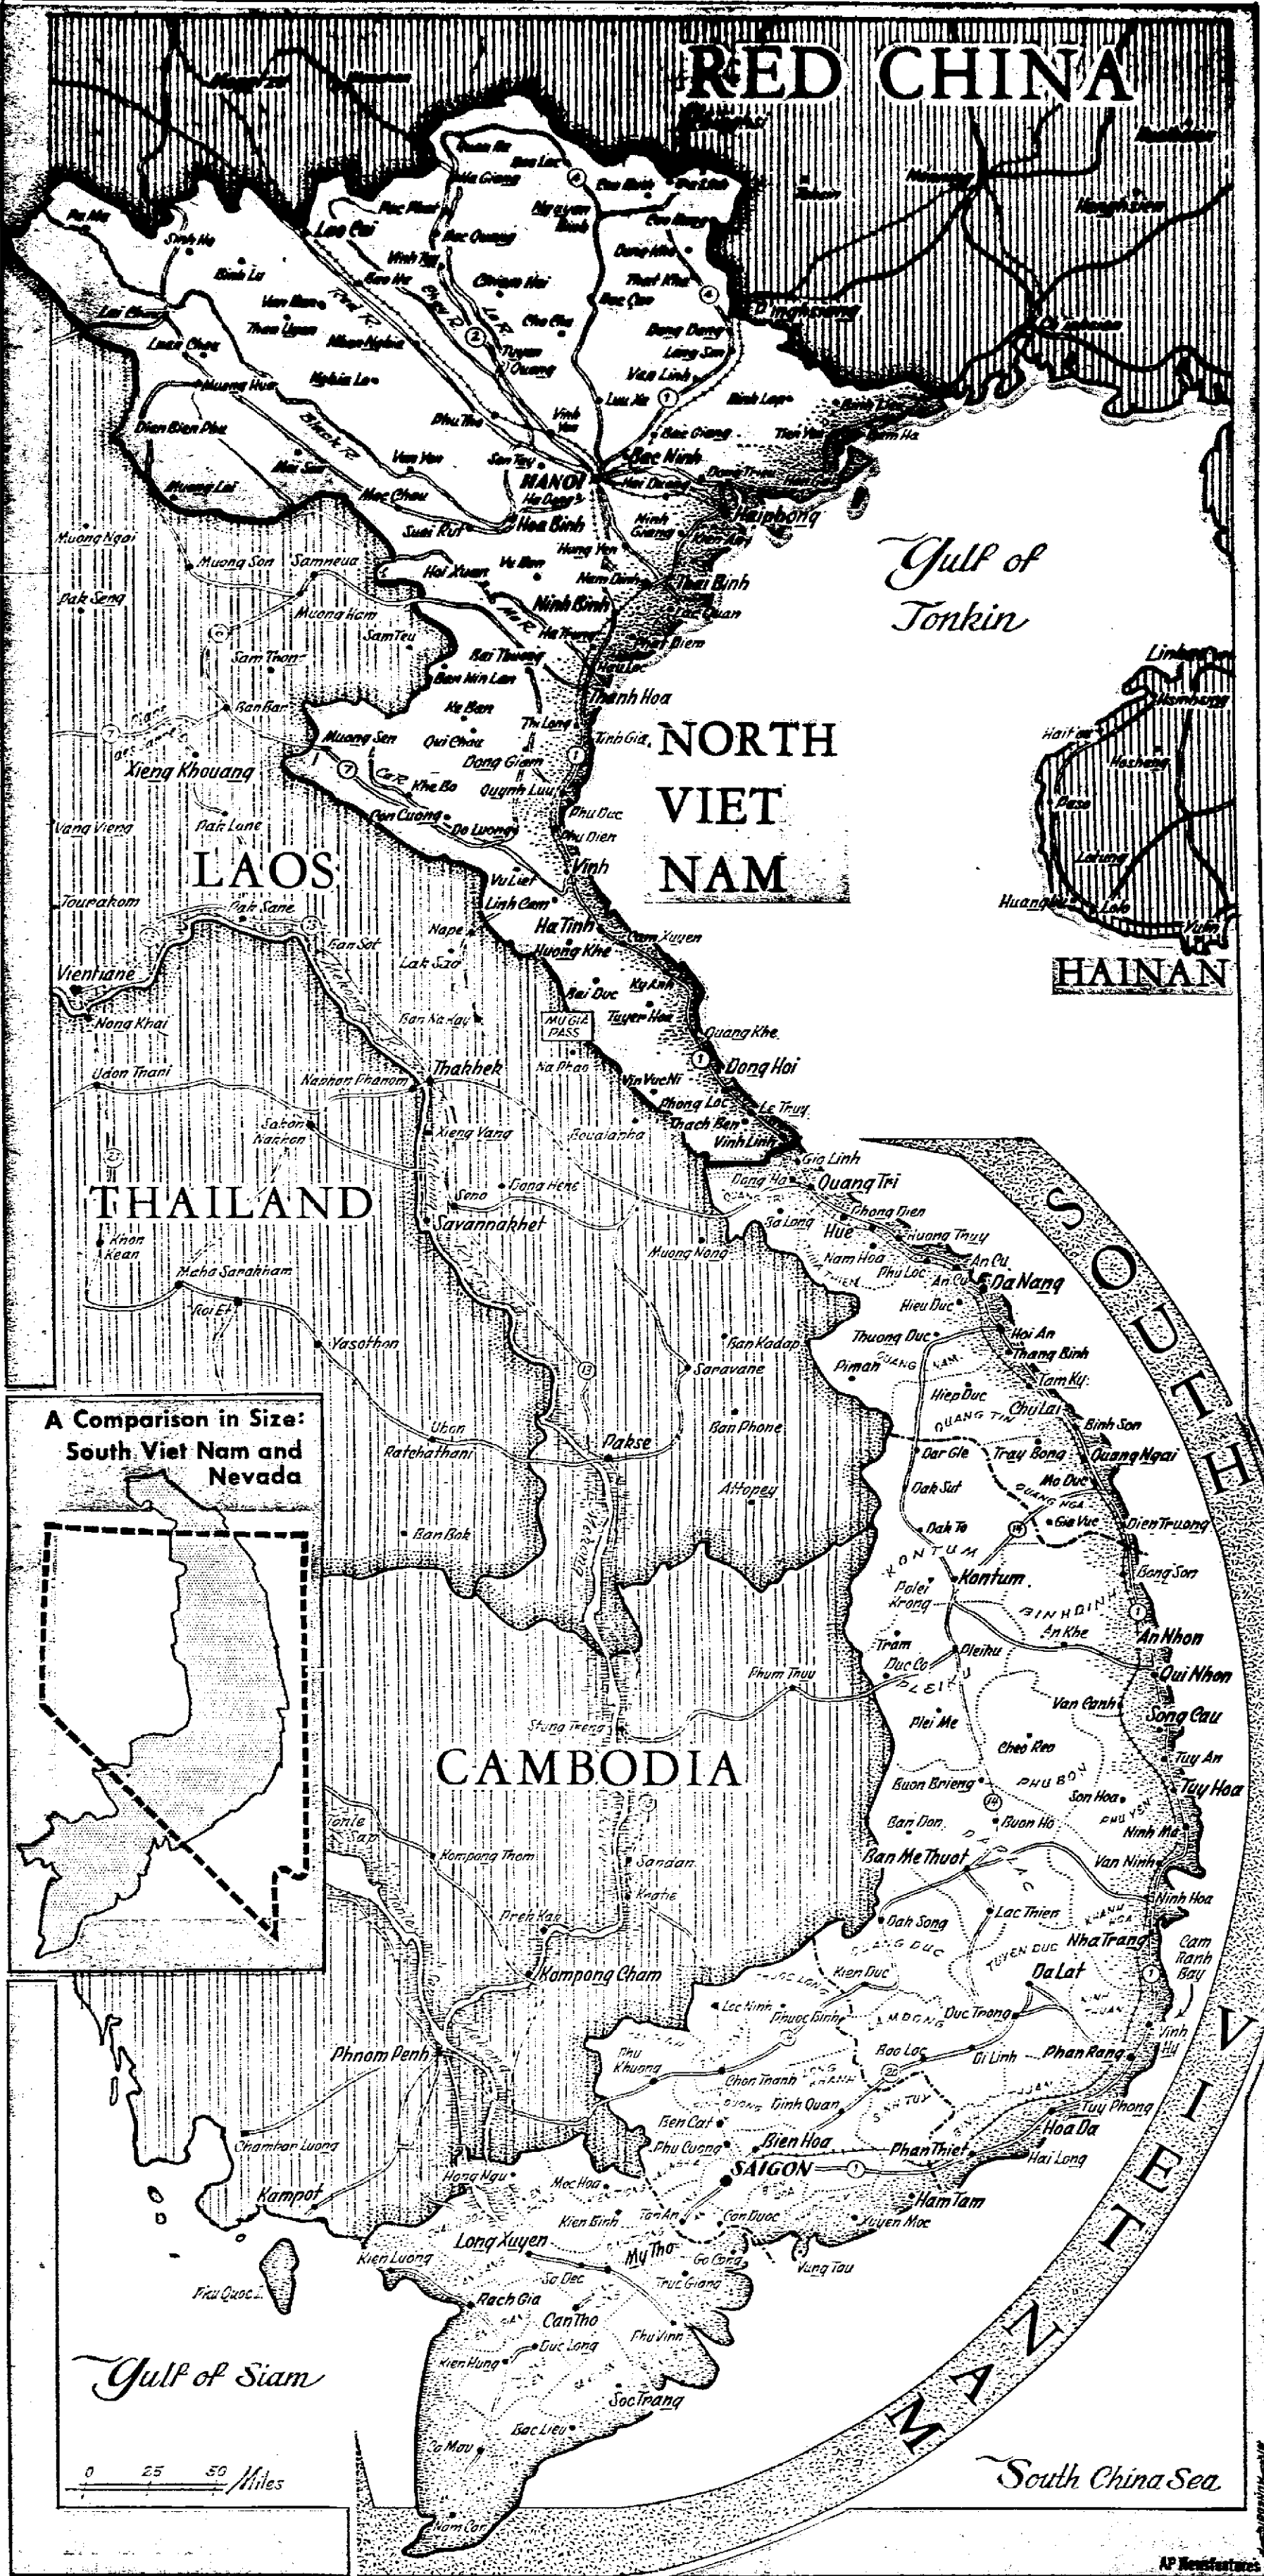

With hints of peace feelers the stock market plunges. When there is talk of expanding the war the stock market rises. If the U.S. has to depend on war for prosperity then the foundation of our society indeed rests on a cushion of hot air, and more than alibis are needed to avoid chaos. Crime and corruption are increasing faster than the population. Arson and bombings have increased 300 per cent in recent years. People are safer in the jungles of Africa than on the streets and in the parks of some of our large cities. At one time our rivers and lakes contained clean, fresh water. Now what do they contain? We do not need a foreign "enemy" to destroy our continent. We are destroying it faster than any external enemy could ever do. Why should a nation with half of the world's resources need a poverty program? Must we have a major catastrophe before we realize that it isn't money that is needed to stop crime and poverty, and to

Italian Leaves School To Preserve Locks

BOLZANO, Italy (AP) — Prof. Tullio Gaspari, vice president of the Bolzano Technical Institute, has been sending home all boy students who show up with their hair too long. They can be re-admitted when they return with a haircut.

Usually it works. But not always. Eighteen-year-old Marco Merzi simply gave up the school and joined a Beatle-type band of long-haired singers performing here.

Looking Backward

Fire Delays Search for Oil

100 YEARS AGO
Quoted from the Appleton Motor for March 1, 1866.

Last Saturday night, about 12 o'clock, Mr. Roudeshaw awoke and found the Engine House covering the Engine for boring the oil well on his farm premises, on fire.

The house was burned and the machinery somewhat damaged. The Company has been repairing damages all this week, and will be ready to start up again, we learn, Friday (the next day) or Saturday.

The well is now down 113

feet from the surface; over 70 feet of which is in rock. A silt rock had been struck a day or two before the fire, and but for this misfortune the Contractor expected to have had the wall down 150 feet this week. Mr. G. M. Robinson has recently contracted to sink the well 400 feet more for \$3 per foot.

The indications of finding oil in paying quantities grow more favorable the deeper the shaft is sunk. The Northwestern Petroleum Co. is determined to test the thing to a satisfactory solution.

25 YEARS AGO
Saturday, Feb. 22, 1941.

Members of the Spouse Club of Trinity Lutheran Church held a sleigh ride that evening, returning to the church for games and refreshments. Members of the planning committee were Mr. and Mrs. Ted Jansen, Mr. and Mrs. Elmer Jansen for entertainment; Mr. and Mrs. Carl Denzin, Mr. and Mrs. Ray Damm, Mr. and Mrs. Walter Bergman, refreshment committee.

A "banquet social," reminiscent of the early meetings of the 50-year-old Reading Club

was held by members of the Appleton women's organization. Members came to the "historical" meeting in rustling taffeta skirts and jackets, plume-bedecked hats. The anniversary event was held at the home of Mrs. C. K. Boyer. The costume of Mrs. James B. Wagg was judged the most typical of the period 50 years previous.

James Van Able was general chairman of the pre-Lenten party of the Phlanx Club at the Appleton YMCA. Other members assisting on various committees were Louis Phillips, Christian Indermuehle, Henry Starck, Willard Zapp and Warren Choudoir.

10 YEARS AGO
Saturday, Feb. 25, 1956.

Newly elected officers of the Fox Cities Alpha Delta Pi Alumnae Club were Mrs. Edwin Laughlin, president; Mrs. Ben Seaborne, vice president; Mrs. Francis Scholtz, secretary, and Mrs. Melvin Ruth, treasurer.

Winners in an old-fashioned spellbound held by the Golden Agers Club were Mrs. Ada Hulgendorf, Mrs. Frank Popelka, Mrs. Edna Stewart, Mrs. Marie Kruckeberg, Mrs. Violet Howell, Mrs. Earl Lambie and Alva Carter.

Initiated into Quill and Scroll Society, national honorary journalists organization at Appleton High School, were Karen Smenson, Daril Riley, Marilyn Saiberlich, Sue Briese, Barbara Blum and Jerry Bloch.

Nickel Hits 46 Points As Winneconne Romps; Omro Finishes Second

Big Second Period Boosts Freedom '5' Over Brillion, 71-56

LITTLE NINE CONFERENCE
(Final 1963-64 Standings)

Team	W	L
Winneconne	13	0
Omro	11	2
Reedsville	10	3
Freedom	8	5
Brillion	7	6
Hilbert	6	7
Hortonville	5	8
Denmark	4	9
Wrightstown	1	12
Shiocton	0	13

Winneconne closed out its Little Nine season trouncing Hilbert, 94-43, and Omro won second place honors by whipping Reedsville, 81-66, in the feature games of Friday's slate.

Other conference action found Freedom bouncing Brillion by a 71-56 margin, Hortonville overpowering Wrightstown, 75-47 and Denmark edging Shiocton, 57-53.

Truckers Tip Kimberly in Overtime Tilt

Continued from Page 4

shot, which Korb attempted and missed with 6 seconds remaining. Kirschner rebounded it in to put Clintonville ahead, 61-59. Kimberly immediately called a time out, but the clock ran out. After a discussion, the officials put 3 seconds back on the clock and play resumed with Van Gompel throwing it in. Pasch knocked it out of bounds. With 2 seconds remaining, Reider took the ball from out of bounds and made the tying shot as the buzzer sounded.

6 Straight Points
In the overtime Kimberly scored first on a two-pointer by Van Cuyk. Korb then made 6 straight points on 2 field goals and 2 one-pointers. Gary Miller next scored one free shot and Pasch 2 for the Truckers to make it 70-63. With 11 seconds remaining, Fries registered 2 for Kimberly. Kirschner put in a two-point shot for Clintonville with 5 seconds remaining, and Reider ended the scoring at 72-67 by throwing one in from midcourt as the buzzer sounded.

CLINTONVILLE — (22 16 11 12 11-72) — Kirschner 6 1 4; Pasch 8 9 3; Korb 11 3 3; Steinke 2 0 1; Miller 0 3 4; Bennett 1 0 0. Totals—28 16 15. **KIMBERLY** — (11 15 22 13 6-67) — Reider 4 6 4; Van Gompel 3 2 5; Van Cuyk 10 1 1; Fries 7 2 2; Dercks 1 1 3; Gossens 2 1 3. Totals—27 13 16.

Boosts Pool Lead
Skunk Hill Bar (49-23) won six of nine games to increase its lead in the Valley Pool League to six games over runnerup Techlin's.

Cork and Dine (42-30) won seven of nine engagements to move into third place. Center Valley, the first-round titlist, is fourth.

Neenah Nips Menasha in M-E Thriller

Continued from Page 4

licked six times in the first half but the hosts spurred for 13 of the last 17 points, including a string of nine, to claim a 36-60 advantage at the intermission.

Rebound Better
'Outrebounded badly in the first meeting, Neenah did much better off the boards, especially on offense. They took 69 shots in Menasha's 64. Both teams made 21 fielders.

Menasha made its first five attempts of the last period but missed five of the next six.

Neenah put in 14 of its 21 free throw tries while the Jays hooped 13 of 23.

All seven Rocket players used by Martin contributed four or more points. Handler and Losse led the way with 14 apiece.

Steffin took game honors with 20, giving him 318 for the year in league play. Vanderhyden, playing with a bad ankle, had 16 and Nelson put in 12.

Dennis Jensen, the Jays' second best rebounder and third leading scorer, was benched for a game by Coach Barry Ewald and wasn't in uniform.

Menasha (15-15-12-35) — Steffin 6 8 1; Conway 1 1 3; Nelson 5 0 4; Vanderhyden 7 2 3; Alvdal 0 0 1; Shukoski 0 2 0; Johnson 2 0 2. Totals—21-13-14.

Neenah (15-21-10-56) — Koepeke 3 2 4; Handler 5 4 3; Janowski 2 0 2; Neuhauer 2 0 0; Losse 5 4 1; Felters 2 1 1; Kuehl 2 3 2. Totals—21-14-13.

Kewaunee '5' Deals Bonduel 78-68 Setback

BONDUEL — The Kewaunee High School basketball team finished Northeastern Wisconsin Conference play with a 78-68 victory over Bonduel here Friday night. The win gives Kewaunee a 11-3 record and third place in NEW conference, while the Bears finished in ninth with 3 wins and 11 defeats.

The scoring was well divided among both teams, with the winners' 5 starters all scoring in double figures, while the Bears' had four players scoring 10 or more.

The winners' Jim Orr led the scoring with 19. Don Bogacz and Joe Rolloff each registered 15 for the losers.

KEWAUNEE (16-22-17-23-78) — Tritt 6 4 4; Haedt 0 0 3; Jungwirth 5 3 0; J. Hoeft 4 1 2; Kautz 0 0 2; Bennett 0 2 1; R. Hoeft 0 0 1. Totals—31 19 22.

BONDUEL (16-17-18-17-68) — Ebert 3 3 4; Dietrich 3 3 3; Jones 0 1 1; Schultz 2 0 1; G. Ebert 2 6 3; Stelzer 1 0 4. Totals—23 20 22.

Premontre '5' Trims Chuters

Continued from Page 4

Dutchmen hit only 20 per cent on 13 of 63.

The Cadets collected a "magificent" total of one for 11 in the first quarter for nine per cent while St. John was held to the "horsecollar" — 0 for 17 for zero per cent.

In the second game, things were reversed. Pennings caged 26 of 57 for 45 per cent while the Cavaliers canned 20 of 45 for 45 per cent.

High scorer for the Cadets was Craig Johansen with eight baskets and six free throws for 22 points, followed by John Dickey with 15 points. Topping the Dutchmen was Gary Romanenko with three buckets and nine gift tosses for 15 points.

Kaukauna Tips Bulldogs

Continued from Page 4

period and New London closed the Kaukauna lead to 50-46 before Eschen scored three quick baskets for the winners to widen the margin to 56-48 at the end of the frame. Kaukauna hit on six of 15 shots in the period and New London made six of 13 tries.

Kaukauna attempted ball control in the final period, forcing Linke and Stern on to fouls as Vander Velden again began making use of reserves. The winners outscored New London 15-12 in the final frame. Kaukauna hit six of eight floor shots and New London made good on five of nine. The winners made 13 of 22 free throw attempts while New London scored on 12 of 20 tries.

Hits 24 Points
Navanaugh finished as top scorer with 24 points besides battling for rebounds mainly in the first half, while Eschen, who battled for every point and many rebounds finished with 23 points. Bruce Feurg finished as top point man for New London with 14 while Reickmann and Stern each contributed 12.

KAUKAUNA — (21 20 15 15-71) — Kavanaugh 11 2 1; Vanden Heuvel 3 0 2; Eschen 9 5 3; Riemer 2 0 3; Main 3 2 2; Capen 0 0 1; Jansen 1 4 2. Totals—29 13 14.

NEW LONDON — (16 17 15 21-60) — Reickmann 4 4 1; Linke 3 0 5; Feurg 5 4 2; Yeager 4 2 4; Stern 6 0 5; Learman 0 2 0; Bassewitz 2 0 1. Totals—24 12 16.

Hawks Meet Lourdes for Tourney Title

Gary Grzesk's tie-breaking basket gave Don Bosco command permanently at 43-41 with 2:37 to go.

Grzesk led all scorers with 21.

Koch Scores 34
Bobby Koch of Marshfield Columbus (12-8) was high for the night with 34 points in a 74-57 triumph over Wisconsin Rapids Assumption (11-10) at Wisconsin Rapids. Stevens Point Pacelli (14-6) will meet Columbus for that regional title tonight.

Superior Cathedral (15-4) slaughtered Ashland de Padua 88-43 at Superior to set up a collision with rugged Eau Claire Regis (17-4) in the Chippewa Falls championship game to night.

Racine St. Catherine (18-31) another top tourney contender, had little trouble in a 66-43 trouncing of Kenosha St. Joseph (12-9), its chief challenger in the Kenosha regional.

Marquette Catholic (1-10) led by as much as 13 points in the third quarter in eliminating De Pere Penning (10-11), but barely held off a late challenge by the Squires at Marinette.

Greg Radke sank 31 points, including a last-second basket, to lead Milwaukee Notre Dame (9-13) to a 65-64 verdict over a Milwaukee Cathedral (9-12) and into a berth opposite Don Bosco in the finals of Notre Dame's regional Sunday.

Messmer faces Waukesha Memorial (7-15) for the title in the Bishop's own regional. Appleton Xavier meets Oshkosh Lourdes (12-8) in the Menasha finale Sunday.

Giles Verbally Raps State Fans in Pre-Trial Testimony

ATLANTA (AP) — Milwaukee's owns the San Francisco Giants, fans can always travel 80 miles to Chicago to watch Ma the National League. "It seems to me that the person-ality of Milwaukee are mad at the National League," Giles continued. "Attendance at Milwaukee was terribly disappointing. It seems to me that the person-ality of Milwaukee are mad at the National League." Giles admitted he did not last season when the Braves know how many Milwaukee fans had a fine ball club. Giles was also questioned on the background checks the Chicago White Sox prior to 1953 league makes on prospective when the Braves moved to Milwaukee. He admitted that a more thorough screening is required for umpire candidates. "We satisfy ourselves that they (new owners) are reputable people," Giles said.

Oshkosh High Defeats South

Indians Rally From 8-Point Halftime Deficit
SHEBOYGAN — The Oshkosh Indians overcame an 8-point deficit at halftime to down Sheboygan South, 79-73, in the Fox River Valley Conference on Friday night.

Oshkosh led 17-13 at the first quarter mark, but a 24 point criticism during the testimony, second period surge by South "They said the reason people in put the Redmen in front, 37-29, Milwaukee wouldn't go out to at half. The Indians started the watch (Hank) Aaron and (Ed) third quarter in a full court Mathews play last year was be-press, enabling Oshkosh to cause they were mad at the regain the lead, 50-48, heading owners of the Braves." Giles into the final eight minutes.

The visitors talked 29 fourth quarter points to hold their would not come out to see Wil-lead, out-coring South by four. he Mays play because they he South's John Meyer topped all were mad at; Horace Stone-scoring with 24 Steve Fischer ham," Giles said. Stoneham and Mark Trumm hit 16 and 14, respectively. Greg Siebold, the EVRC's leading scorer, led 59 FVRC's with 21. Jim Englund scored 16.

OSHKOSH — (17 12 21 29-79) — Englund 6 4 4; Spanbauer 1 0 2; Siebold 7 7 5; Erickson 4 3 3; Kienenschmidt 4 3 3; Schermetzler 5 4 5; Vollz 1 0 1; Madden 5 3 1. Totals—29 21 22.

Your Problems

Parents Unfair to Daughter Who Followed Ann's Advice

BY ANN LANDERS

DEAR ANN LANDERS: My best friend is 15 Kitty (made up name) was always a shy girl and had very few dates. I was shocked when she swore me to secrecy and admitted she was pregnant.

Kitty should be in a home for unwed mothers, continuing her education and living among other girls who can offer her friendship and understanding.

DEAR ANN LANDER: I'd like to tell "Massachusetts Mother" a thing or two. She said nurse's aide work was degrading and that she was ashamed her Boston socialite daughter was spending her time that way.

We have talked about a great many things - but not of marriage. A close friend of mine confided that he would like to marry me but his children are against it. They do not dislike me but they don't want me to inherit any part of their father's estate since it is largely money that belonged to their mother.

I have a lovely home and

The boy responsible is a sailor who shipped out last month. Kitty wrote to you for advice and you suggested she tell her parents at once. Well, she took your advice and now she is like a prisoner. Her parents made her quit school. They will not let her out of the house even to hang out clothes. She must stay in her room, out of sight, when friends or relatives come over. Everyone has been told that she is out west in a T.B. sanitarium. Arrangements have been made for the baby to be delivered at home. Kitty is bitterly resentful that she is caged up like an animal. What can be done to help her? - Heartsick Friend

Dear Friend: Ask her to let you contact a clergyman. An adult who has some standing in the community should intervene in Kitty's behalf. Her parents are doing the girl a horrible injustice.

Special Events

Art and Crafts Show - (ends today) Appleton Gallery of Arts presents annual Mid-Winter Exhibition, featuring works of guest artist Aaron Bohrod, Madison, 6th Floor, H. C. Prange Co. Open until 5 p.m.

Parents Unfair to Daughter Who Followed Ann's Advice

BY ANN LANDERS

DEAR ANN LANDERS: My best friend is 15 Kitty (made up name) was always a shy girl and had very few dates. I was shocked when she swore me to secrecy and admitted she was pregnant.

Kitty should be in a home for unwed mothers, continuing her education and living among other girls who can offer her friendship and understanding.

DEAR ANN LANDER: I'd like to tell "Massachusetts Mother" a thing or two. She said nurse's aide work was degrading and that she was ashamed her Boston socialite daughter was spending her time that way.

We have talked about a great many things - but not of marriage. A close friend of mine confided that he would like to marry me but his children are against it. They do not dislike me but they don't want me to inherit any part of their father's estate since it is largely money that belonged to their mother.

I have a lovely home and

considerable holdings of my own. I am not interested in this man's money. I'd be very happy to sign a pre-marital agreement leaving everything to his children. I will leave what I have to my daughter. All I want is his love and companionship.

How can I tell him without appearing to be rushing him into marriage? - Miami

Dear Miami: Unless you converse with him better in another language, tell him in English. And promptly. As I see it you have a great deal to gain and nothing to lose.

No teen-ager is as confident as he appears. Get cited in Send for Ann Landers' booklet "Dating Do's and Don'ts." enclosing with your request 35 cents in coin and a long self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Bold Burrowing Brings Bumbling Burglars Bruises

WEST COVINA, Calif. (AP) - Two weeks of boldly burrowing toward a bank vault's bottom brought only bumps, bruises and backaches for bumbling burglars, police reported, beaming broadly.

After renting a store next to the bank burrowing underground 14 feet to reach the vault and attacking the steel and concrete floor with a hydraulic jack and power drill, the burglars gave up the task and disappeared, officers said Tuesday.

Detectives said the tunnelers had bored 22 holes in the floor but it was still very much intact.

And, officers said, perhaps it's best the burglars never entered the vault. It was empty and they would have been very unhappy.

Next to it, however, was another vault containing \$35,000, officials said.

Theda Clark Role in New Nursing School Begins in '67

Neenah Hospital Clinic Facilities To be Incorporated at WSU-O

NEENAH - MENASHA — The Theda Clark Memorial Hospital's role in the new nursing school will be starting its clinical role change the nursing and administrative staff at the hospital in the baccalaureate degree program at Wisconsin State University - Oshkosh by some members of the medical staff will be requested to provide limited instruction.

The clinical facilities at Theda Clark, which are expected to be incorporated in the four-year program will be medical, surgical and some pediatrics.

Dr. Helen E. Drosch, presently on the faculty of Ohio State University, was recently named dean of the new school of nursing. Aldridge said Dr. Drosch had visited Theda Clark Hospital when she was in this area last December. It will be her responsibility to set up the academic curriculum and the clinical curriculum for the baccalaureate program. She will assume her new duties in August. The first students to be ready for clinical study at Theda Clark will have completed their freshman academic studies by May 1967.

Considerable Relief

"The full impact and importance of having a nurses program at Wisconsin State University - Oshkosh will be realized when the first class graduates. It will mean considerable relief in the short supply of registered nurses which has been steadily diminishing. We cannot catch up with the 10-year gap in a continuing program but meeting of the board of education. Other recommendations by the administration will be an art program for Menasha High School students and increased joint use of the industrial art facilities by junior and senior high school students.

Contracts for the business accountant, an elementary grade teacher and a speech correctionist will be considered. Donald Wisniewski will present a review and future plans of the instrumental and vocal music departments of the Menasha public schools. Mrs. Alberta Doverspike, Miss Carlene Pratt and William Brown will assist with the report to the board.

Limited Instruction

Full responsibility for the clinical program at Theda Clark Hospital will be vested in Wisconsin State University. Aldridge said. The student nurses will have their clinical schedules from the nursing instructors and will be supervised by the staff from the school of nursing.

Realtor Gets 2-Year License Suspension

NEENAH — Eugene B. Jessup, head of Jessup Realty Realtors, agreed to a two-year revocation of his real estate license after a hearing before the state Real Estate Board Thursday.

Jessup's license was suspended by the state board Feb. 3. The charges were that he failed to have a bookkeeping system from November 1964 to December 1965 as required by state law, commingled trust funds with other monies and had discrepancies in trust accounts.

Jessup's attorney, Daniel Goggin, entered a statement into the record that no client or customer of the Neenah real estate firm had lost money or been prejudiced by the discrepancies. Roy Hays, Milwaukee, secretary counsel for the board, said the board had "no comment" on that statement.

Jessup's stipulation to the board also included a voluntary agreement not to apply for a real estate salesman's license for a period of six months. He will then be required to retake the salesman's exam. Hays said.

The board is a quasi-judicial state agency made up of three members appointed by the governor and confirmed by the senate.

Speeding Charge Stipulation Paid By Three Drivers

NEENAH — Three drivers have paid stipulations for speeding in the amount of \$178.50.

Each driver automatically surrendered six points against his driving privilege.

Thomas L. Boushley, 32, 1523 N. Oakwood Road, Oshkosh, admitted driving 60 miles per hour in a 30 mile zone on W. Cecil Street Feb. 17. He paid \$99.50.

Elizabeth J. Achterberg, 923 Riverlawn St., paid \$49.50 for driving her car 55 mph in a 30 mile zone on W. Cecil Street. She was arrested Feb. 24.

Roland R. Genske, 32, 603 Henry St., admitted driving 54 mph in a 30 mile zone on Main Street Feb. 25 and paid \$29.50.

Five Countries Were represented when these first graders at Taft School, Neenah, presented their display for brotherhood week. Each class developed a project designed to show friendship and understanding. The pupils, from left, are Jeffrey McCroskey, Mexico, Susan Roeseler, France; Lana Cheslock, Spain; Bill Lieber, China, and Donna Hildebrandt, Canada.

Salvage Sale Planned In Neenah

NEENAH — Fixtures and salvagable materials of the three homes to be razed for the new post office will be sold Saturday, March 5.

Berg and Henn Co., Appleton, have contracted to demolish the homes by April 1.

Hubert Berg, general manager, said the fixtures, cabinets, doors, plumbing and windows will be sold. Salesmen will be at the three locations from 9 a.m. to 4 p.m., Berg said.

Homes to be razed are 418 and 302 Church St. and 117, Caroline St. The buildings were constructed in 1893, 1890 and 1913, respectively, records show. Some fixtures are of possible antique value, Berg said, with many having the ornamental design of the period.

Berg said the homes will be demolished and no lumber will be salvagable.

Neenah Cubs Receive Awards At Banquet

NEENAH — Cub Scout Pack 91 held its annual Blue and Gold Dinner Tuesday evening in Our Savior Lutheran Church and gave out awards.

Institutional Representative Harley Wagner was speaker, and Scoutmaster Don Winick served as master of ceremonies.

Awards included wolf badges. Keith Reinke, Jeff Schneiderwend, Ricky Rank, John Wagner, Larry Suess, Billy Wilde, Steve Ducklow and Greg Carlson. Bear badges, Scott Snyder, Kress Williamson, Robert Hacker, Scott Thoma, Randy Bauer, John Johnston and Jeff Mosurjohn.

Lion Badges to Allan Rice, Torge Goderstad.

Silver Arrows to Torge Goderstad, Kress Williamson, Jeff Mosurjohn, Rick Delano, Scott Snyder and Robin Mykel.

Gold arrows were awarded to Scott Snyder, Jeff Mosurjohn, Torge Goderstad, Keith Reinke, Jeff Schneiderwend and Billy Wilde.

Neenah Has No Water Problems

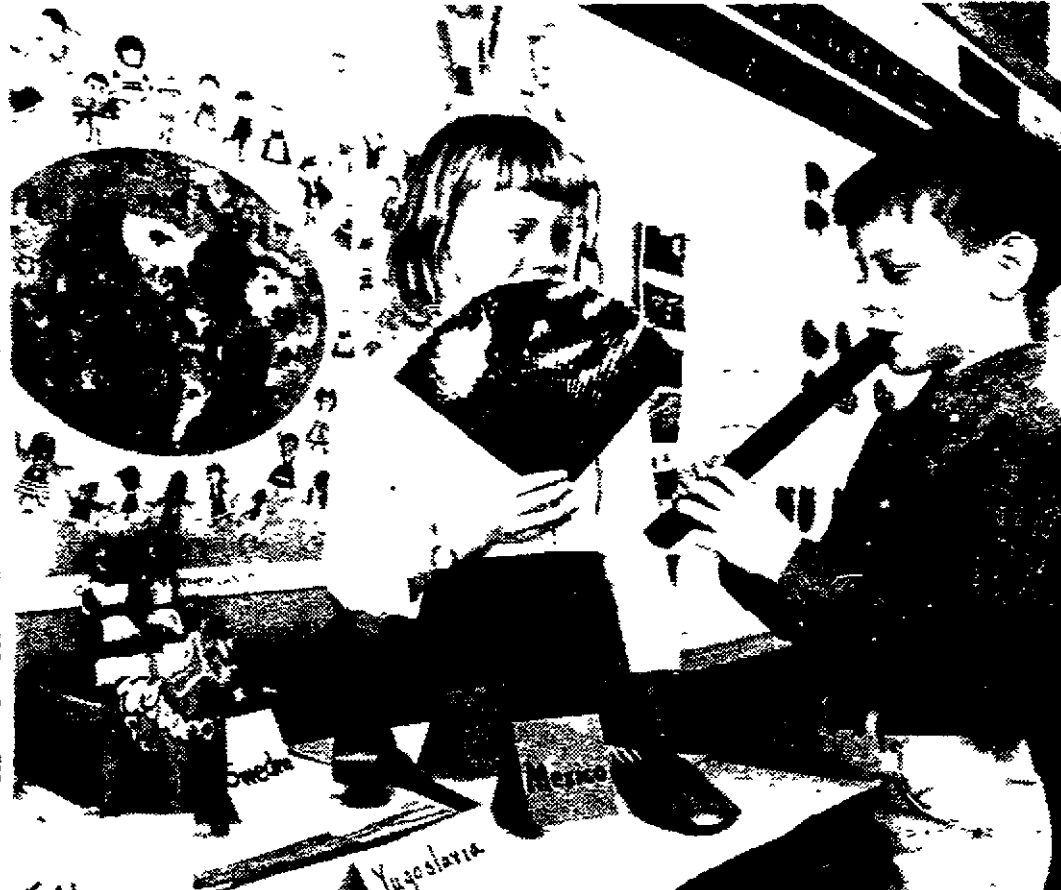

NEENAH — Run off caused by recent rains and unseasonable thaws have not created any problem with the city's water system.

John Jurgenson, water superintendent, said today the city is in a fortunate situation as the water intake from Lake Winnebago is situated in such a position as to be free of riled water. "No stream inlets are near the intake, consequently the water supply is not affected," Jurgenson said.

Some areas have noticed a change in the taste of water due to the "run off," he said. "Our water has had little if any taste change," he said.

Impose Jail Sentence On Default of Fine

OSHKOSH — Theodore W. Hart, 442 N. Lark St., Oshkosh, was sentenced to 60 days in the county jail in default of payment of a \$175 fine imposed for driving while under the influence of intoxicants. Hart, arrested at 1:40 a.m. Friday on N. Sawyer Street by Oshkosh police, pleaded guilty of the charge before County Judge James Sitter. His driver's license automatically was revoked.

For Their Part in Brotherhood Week, the second and third grade combination grades displayed items associated with foreign countries. Kari Wrede, left, fans herself in the true Japanese fashion as Bruce Stanelle practices with the Yugoslavian flute. (News-Record Photos)

Pupils of the Special education class at Clovis Grove Grade School, Menasha, held a luncheon Tuesday for three foreign guests. Receiving gifts are, from left, Marlin Martine, French exchange student, Leopold Lalla, exchange student from Mexico, and Miss Gladys Allande, Chile, who teaches English at Menasha High School. Presenting the gifts are, from left, Lee Bousley, Bob Pashulk and Danny Succa. (News-Record Photo)

More Than 360 Students Taking Merit Scholarship Test

NEENAH - MENASHA — More than 360 high school students and provide their own scholarships. They feel these outstanding students would be highly desirable and assets to their own college program.

Neenah High School administered the test to 150 juniors at 8 a.m. today in the school cafeteria. Miss Grace Chenoweth will monitor.

Menasha High School will administer the test to 160 juniors at 8 a.m. Tuesday in various homerooms and Giles Clark, guidance counselor, will monitor the test.

This is the first step in the National Merit Scholarship Program. The second screening step is the College Entrance Examination Boards Scholastic Aptitude test in December. In this test the school information is given on the high school record, and the family and the student indicate goals and interests, accomplishments and financial data.

Since only 2,000 out of the 14,000 finalists receive Merit

For Their Part in Brotherhood Week, the second and third grade combination grades displayed items associated with foreign countries. Kari Wrede, left, fans herself in the true Japanese fashion as Bruce Stanelle practices with the Yugoslavian flute. (News-Record Photos)

LWV Sponsoring Candidate Forum

NEENAH - MENASHA — League of Women Voters of Neenah-Menasha will be host to a candidates' meeting at 7:30 p.m. Wednesday in the activities room of Menasha High School.

The four mayoral candidates, John Klein, the incumbent, Kenneth Holmes, Earl Kohler and Richard Heindl will present and will speak for five minutes each on the topic "What Steps Must Be Taken Now to Insure Menasha's Continuing Growth?" Questions from the people attending will follow.

Receive Sentence On Fraud Charge

OSHKOSH — County Judge James Sitter Friday sentenced Mrs. Dorothy Hoehne, 639 Higgins Ave., Neenah, to five years at the Wisconsin Home for Women at Taycheedah for defrauding the welfare department.

She had pleaded no contest Feb. 9 to a charge of obtaining aid to dependent children from the county welfare department at a time when she was employed at Neenah. She was charged with receiving \$6,742 in welfare aid from Sept. 1, 1962, through Nov. 30, 1965.

Clintonville Port Discussion Set for March

State Commission Runs Out of Time To Take Up Matter

OSHKOSH — Despite the listing of Clintonville airport and its services on the agenda, the State Aeronautics Commission never got around to the subject at its meeting here Friday. The discussion of the central Wisconsin's airport was rescheduled for the agency's March meeting.

Barron County's petition for state and federal aid also was deferred until March.

The commission granted approval to the American Telephone and Telegraph Co. to erect a microwave tower near Crandon. It also gave increases in state aid allotments to Sparta municipal airport at Mitchell Field at Milwaukee. Three applications for aircraft dealer certificates were approved. None were for dealers in the Fox Cities area.

Rules Take Up Time

Proposed rules under which the commission will operate, rules of procedure and policy, took up considerable meeting time. A public hearing is to be held between April 11 and May 2.

One rules change is for a longer period than 10 days for hearing notices. The reason for the change proposed lay in the argument that 10 days does not allow an interested party time to prepare his exhibits or his case prior to the hearing.

Steve Wittman, Winnebago County airport manager, said his county would like to have its expansion project pushed as fast as possible because North Central's DC-9 planes would be available in another year and runway extension to accommodate them would not be ready.

Members of the commission said the group had approved the county's application for aid and had submitted it to the Federal Aviation Agency.

Papermakers End Convention

Flame-Resistant Products, Computer Use Ends Session

NEW YORK (AP) — The 89th Annual Paper Week ended Thursday, after five days of technical and general sessions concerning the pulp and paper business.

Sessions on computers and a review of flame-resistant papers were on the final program.

Flame-resistant paper products offer a wide number of potential applications. Burton Suter of National Starch and Chemical Corp., said in a report to the Technical Association of the Pulp and Paper Industry.

Paper-based bed sheets, displays, containers, tubing and electrical insulation to operate at higher temperature all are possibilities, he said.

Suter suggested that papermakers follow the lead of the plastic industry in incorporating fire-retardant chemicals in its products.

Use of Plastics

He said they might do as they have for acceptance of plastics.

The association presented its 1966 gold medal to Allen Abrams, Wausau, Wis., a consultant to Arthur D. Little Inc., Cambridge, Mass.

Abrams retired in 1956 as vice president of Marathon Corp., after pioneering a number of developments in food packaging.

Three University of California scientists, D. L. Brink, J. F. Thomas and D. L. Feuerstein said complete odor control at Kraft Pulp Mills was possible, at least on a laboratory scale. Increased emphasis should be placed on the overall combustion process in the attempt to control foul odors, they said.

They said that with some modifications, it might be possible to recover an organic concentrate with potential market value.

C&NW Traffic Manager To Discuss Merger

NEENAH — Ray J. McCarthy, traffic manager of the Green Bay Region of the Chicago and North Western Railway Co., will speak on the Rock Island merger case and its impact on the economy of Wisconsin at the Monday noon luncheon of the Neenah Club.

A 13 minute film will also be shown. Irwin Pearson is chairman of the luncheon.

Members of the National Campers and Hikers Association viewed a display of 1000-year-old artifacts Friday evening during a meeting at Boys' Brigade, Neenah. From left are Mrs. Robert Bey-

er, Appleton; Don Christianson, Clintonville; Mrs. Allen Kline, Appleton; and Marvin King, Neenah. (News-Record Photo)

Annual Meet To Draw 100 Skiers to Iola

Hill in Good Shape at Second Scheduling Of Sanctioned Event

IOLA — More than 100 of the Midwest's top skiers are scheduled to compete in the 8th annual USSA sanctioned senior ski meet here Sunday.

The meet will start at 1:30 p.m. at the ski hill, 5 miles north of Iola. Original plans called for the meet to be held Feb. 13 as part of the Iola Winter Carnival, but it had to be canceled for lack of snow.

Since then, workmen have hauled tons of snow to the hill putting it in good condition for the meet, a spokesman for the Winter Carnival Committee said.

"Brotherhood of Man" was the theme this week at all Appleton schools. Pupils of Miss Joan Grimes' Intermediate 11 class at McKinley School demonstrated that people are the same everywhere in spite of their dress. Costumes of many lands were demonstrated by, from left, Terry Sutter, Alaska; Kathy Wolff, Japan; Nancy Schamell, Hawaii; Jessie Polewski, Mexico; and Andy Oliver, Scotland. Miss Ellie Eggener, elementary consultant, coordinated all the school programs during National Brotherhood Week, which is sponsored by the National Council of Christians and Jews. Selection of University Site Disappointing to Fox Cities

Commissions Feuding Fox Valley Planners Told to Vacate Office Not Later Than April 30

The Fox Valley Regional Planning Commission has been told to vacate its offices in the Home Mutual Building by April 30.

The commission received a letter Friday from Gordon A. Bubolz, president of Home Mutual Insurance Co. and chairman of the Wolf River Basin Regional Planning Commission, notifying the commission its lease is being terminated.

The letter stated that the Wolf planning group "will be needing the office space which you presently occupy. As you know, the Wolf River Planning Commission will soon be adding several more staff members and the space will be needed for this purpose."

The letter continued: "This is notice that Home Mutual Insurance Co. will terminate your lease as of April 30, 1966, and requests that you vacate the premises as of that date."

Eugene Franchett, executive director of the Fox Valley group, said that he considered it a rather short notice for an office with a complexity of the Fox Valley Regional Planning Commission but that "we will try to do everything possible to comply with the order."

The two commissions have been involved in a dispute over areas of jurisdiction for nearly two months.

Contacted today, Bubolz said the move has nothing to do with the dispute. He said "it has been very evident for some time that we would be adding more staff members and we would need more space."

Bubolz added that the office space used by the Fox Valley group is "convenient." The present offices of the Wolf River group are directly below those of the Fox Valley group.

Bubolz said there were no other vacancies in the building which the Wolf River group could use. He added that the commission staff is "crowded in the present situation."

Education Committee May Appeal Decision Locating School at Green Bay Site

BY DAVE NOWAK Post-Crescent Staff Writer

and Gov. Warren Knowles for final approval.

Outagamie and Winnebago County civic leaders and municipal officials have expressed disapproval with the recommendation of a Green Bay site for the proposed northeastern branch of the University of Wisconsin.

"I would certainly back a Fox Cities Education Committee appeal to the State Building Commission" to have another site chosen, he added.

Alternate Needed

Lorge said the committee must propose an alternate site and if it has not, then it has not complied with the law as passed by the State Legislature.

He said statistics show that the site should be in Outagamie County "It would be more accessible to more students in the entire Fox Valley area," Lorge added.

Assemblyman Harold Froehlich (R-Ist-Appleton) said "I couldn't think of a more unreasonable place to put the university as far as the center of student population is concerned."

He thinks the "committee's recommendation should be upset," adding that "it looks as though they were looking for another university on the lake like they have at Madison."

Turn to Page 8, Col. 1

Eau Claire Entry

Among the skiers competing for honors will be Billy Olson, senior rider from Eau Claire, who set the Iola ski hill record with a 155 foot leap in 1963. Roger Voie, secretary of the Iola Ski Club said Olson will be challenged by Larry Berg, another senior rider from Eau Claire who set a previous hill record of 147 feet in 1960.

Arne Oby, senior rider from Norway, sponsored by the Norge Ski Club of Chicago, is registered to attend the Iola meet. Voie said. Each year the Chicago club picks key skiers from Norway, pays their expenses to the United States and sends them to selected ski meets. Oby will compete along with several others from the Chicago Club.

After the meet skiers and officials will be dinner guests of the Iola Club. Awards then will be presented to top skiers of the day.

Village Kiwanis to Hear About 'Eye Care'

LITTLE CHUTE — Dr. R. T. Scherzinger will speak on "Eye Care" and show a film at a Kiwanis Club luncheon at Hammen's Restaurant at 6:15 p.m. Tuesday.

Plans will be discussed for the Kiwanis sponsored bowling party and members of the board of directors will meet following the program.

Limited State Aid For Port Projects Hit At Oshkosh Parley

Head of Brown County Facility Calls Distribution Inequitable

OSHKOSH — Maximum state aid of only \$30,000 to airports and lack of a system of airport priorities was criticized at Friday's meeting of the State Aeronautics Commission at the Pioneer Hotel here by Richard Thern, Oshkosh, a member of the governor's Advisory Airport Committee, and Robert J. Smith, director of the Brown County Austin Straubel Airport.

Thern wondered if the State Aeronautics Commission would have adequate funds for the various airport projects. He said there is talk about adding crosswind runways to general aviation fields not serviced by jet planes and wondered if the airports to receive jet service should not receive any available money first.

State law provides for the state to provide 25 per cent of the airport cost, but the commission gives only \$30,000.

"Tragic" Situation

Norman Herro, Madison, North Central Airlines attorney, said the tragic thing is that unimportant airports get the same \$30,000 as do the important airports. The 1961 statute allowed for priorities being established on the aid being granted. Granting each the same amount has no relationship to any system of priorities, Herro argued.

Thern asked if the commission had a petition from Outagamie County for aid for a crosswind runway and Thomas K. Jordan, State Aeronautics Commission director, replied that the commission had authorized the petition be submitted to the Federal Aviation Agency for federal aid and that this aid grant was now being evaluated.

Present System

Smith said the present system of \$30,000 per airport was not equitable and asked that the commission comply with the statutes and set up the priorities.

Jordan said the Legislature

32 KHS Students Earn Straight A Semester Grades

KAUKAUNA — Thirty-two students at Kaukauna High School earned straight A grades for the first semester while 62 were listed on the average A honor list released by Walter Schmidt, principal.

Seniors on the straight A list include Carolyn Brem, Kathleen Busse, Erik DeBruin, Janet Driessen, Marsha Egan, Michael Gondek, Mary Jirko, Paul Kiffe, Jeffrey Kobin, Bridget McCarty, David Pendergast, Margaret Schouten, Dale Schuh and Judith Wentzel. Juniors are James Gillen, Jane Schmidt, Joseph Schouten, Mary Van Wychen and Kay Van Zimmerman.

Sophomores are Beth Bastian, Bonnie Borchardt, Barbara Boeree, Terry Kobin, Judith Luedtke, Robert Rutter, Janet Skromme, and James Van Dyke. Freshmen were Linda Kettner, Kevin O'Connor, Sally Pitz, Linda Schaumann, and Anthony Welhouse.

The average A list included 21 seniors, 11 juniors, 17 sophomores and 13 freshmen.

Proxmire Is Blamed For Lack of FAA Aid

Brown County Officials Say They Were Told Feud Exists Between Senator, Federal Unit

BY ALLAN EKVALL Post-Crescent Staff Writer

between the FAA and Sen. William Proxmire since the senior senator from Wisconsin urged cutting out appropriations for some jet planes for FAA.

Other Areas Affected

This involves not only Green Bay, but Oshkosh and Eau Claire as well and the other states in which North Central Airlines plans to land DC9 up for a public hearing before the Appletton Council the night of March 16 — not Wednesday.

Both the plan commission and the State Aeronautics Commission, who approval to rezoning three pieces of property on the north side of the street from residential to commercial - light manufacturing.

More than 80 residents in the Abernathy, state airport engineering plan to go to Minneapolis to consult with the FAA regarding state airport aid allocations.

City Planner Walter Rasmus-Smith and Foth said Brown County had a project before the State Aeronautics Commission and the FAA since 1963 to extend the runway length to 7,700 feet and for additional lighting. This would aid landing not only of the DC9 planes but other 4-engine planes as well.

Project May Die

Unless an allocation is received in the next three or four weeks, the project will die, they continued, as they urged some ever decision the planning commission by state officials to secure money from Washington, has held public hearing on the rezoning.

Jordan said he met with the federal aid for Winnebago County, Brown County and Eau Claire.

"We expect to get word from the FAA as to how much 1966 Outagamie County fiscal year funds we can get," he said.

The state had \$15 million in projects before the FAA for the 1965 fiscal year and it received \$270,000, he reported.

Hearing Set March 16 on Rezoning Plea

Preliminary Okay Already Given for E. Newberry Area

The controversial E. Newberry Street rezoning issue will be up for a public hearing before the Appletton Council the night of March 16 — not Wednesday.

Both the plan commission and the State Aeronautics Commission, who approval to rezoning three pieces of property on the north side of the street from residential to commercial - light manufacturing.

More than 80 residents in the Abernathy, state airport engineering plan to go to Minneapolis to consult with the FAA regarding state airport aid allocations.

City Planner Walter Rasmus-Smith and Foth said Brown County had a project before the State Aeronautics Commission and the FAA since 1963 to extend the runway length to 7,700 feet and for additional lighting. This would aid landing not only of the DC9 planes but other 4-engine planes as well.

Project May Die

Unless an allocation is received in the next three or four weeks, the project will die, they continued, as they urged some ever decision the planning commission by state officials to secure money from Washington, has held public hearing on the rezoning.

Jordan said he met with the federal aid for Winnebago County, Brown County and Eau Claire.

"We expect to get word from the FAA as to how much 1966 Outagamie County fiscal year funds we can get," he said.

The state had \$15 million in projects before the FAA for the 1965 fiscal year and it received \$270,000, he reported.

Appleton, Union Argue Over Bridge Operators

Teamsters Claim Right to Represent Crew; Personnel Committee Suggests Election

Relations between the City of W. Bues injected himself into the controversy with a letter 563 are being strained over a dispute involving the city's six Clifford Dunsirn, George P. Meiers, Raymond W. Thebo, Carl Van Dinter, Michael F. Vaughn and Wilbur A. Whittice on the city that proper negotiating procedures should be followed in making wage and fringe adjustments for the bridge operators.

Local 563 said it was representing the bridge operators in all negotiations and was critical of council committees that recommend adjustments without consulting the union.

On the other hand, the personnel committee indicated it did not feel the bridge operators were officially represented by the Teamsters and suggested a representation election be held.

"Election Unneeded"

Robert Schlieve, secretary-treasurer of Local 563, and Max Hensel, committee chairman, reportedly discussed the matter with the union representative 563 wrote the city recently and said it represented the bridge operators.

Bues said that in the past the Teamsters contended the employees to be represented by them. Bues said as a result they were not included in Teamster-city negotiations.

Negotiations Approved

Therefore, the undersigned, and the six bridge operators mutually and voluntarily entered into negotiations to arrive at a 1966 wage scale. Bues wrote the bridge operators. He said the results of the negotiations were approved by the personnel and finance committees.

However, the recommendation was withdrawn. Bues reportedly discussed the matter with the union representative 563 wrote the city recently and said it represented the bridge operators.

Bues said the agreement arrived at between himself and the bridge operators was voided as a result, and he assumed negotiations would have to start over again if the city recognized Local 563.

Schlieve is requesting a meeting with the committee to negotiate for the bridge operators.

Police Investigate Car Damage Complaint

KAUKAUNA — Police are investigating the complaint of John Eppinger, 37, 912 Metoxen Ave., Kaukauna, about damage to his car which occurred sometime Thursday while he was at work at the Thimney Pulp and Paper Co.

The car was parked in a company parking lot and someone apparently struck the fender of the vehicle, according to police.

Bell Ringers, Harpsichord

Fox Valley Center Schedules Third In Community Artist Concert Series

The third annual Community Artists Concert will be presented at 8:15 p.m. Tuesday in the Fox Valley University Center Fine Arts Theater. The public program is free.

Starting the concert will be the Congregational Bell Ringers, a group of high school students who play hand bells in traditional English style.

Members of the bell ensemble are Nancy Orblison, John Orblison, Barbara Wilke, Susan Hawkins, Andy Handacker, Susan Hanstadt, Jill Fuqua, Ann Ahrens, Sandra Dunaway and Christy Miller. The Bell Ringers organized three years ago and are affiliated with the American Guild of Handbell Ringers. Mrs. L. K. Maesch directs the group.

They will perform works by Mozart, Handel, Humperdinck, Heiberg String Ensemble, En-Paul Glassen and Tchaikovsky. Harpsichord recital by Dr. Sparks, piano: Mrs. Lucy Baicher Heiberg, violin: Mrs. Evelyn E. Wilke, violin: Mrs. Virginia M. Smith, cello: and Mrs. Lucille R. Orblison, viola.

Sparks and the ensemble will perform the first movement of Mozart's "Quintet for Clarinet and Strings in A Major" and Prokofiev's "Overture on Hebrew Themes."

The Community Artists Concert was established to give musicians in the community an opportunity to perform in a concert situation. It is sponsored by the Fox Valley Center music department. Franklin W. Doverspike, Center music instructor, is coordinator of the program.

Because of the concert, the rehearsal time for the Fox Valley Center band has been changed to 8 to 10 p.m. Thursday in the Fine Arts Theater.

New York Resident Denies Vagrancy

Robert Chapman, 24, of New York City, pleaded innocent of vagrancy when he appeared in Outagamie County Court Branch 2 Friday.

Trial date has been set for 3 p.m. March 21 and bond set at \$150.

Chapman was arrested Thursday by Appleton police.

Art Teachers From throughout the Fox Valley participated in an art workshop, staged by a manufacturer of Art supplies, at Holy Name of Jesus School, Kimberly, this week. Working on a joint mural project are, from left, Mrs. Pearl Engle, Kimberly Elementary; Sister Clarence, Holy Cross, Kaukauna; Sister

Japan's Status as Ally To be 'Decisions' Topic

"Japan Resurgent: What Kind of Ally?" is the topic of a Great Decisions luncheon meeting to be held at noon Thursday in the Terrace room of Lawrence University Memorial Union.

Speaker at the meeting will be Chong-Do Hah, Lawrence University instructor in government.

Hah, a native of Korea, has studied Japanese government and foreign policy throughout his academic career.

He is the author of "Bitter Korea Relations," published in the book "Asian Studies 1964" by the University of Nebraska Press. He also has in progress a book-length manuscript entitled "Yoshida Shigeru's Foreign Policy."

Hah received a bachelor's degree from Indiana University, a master's degree from the Woodrow Wilson School of Foreign Affairs, University of Virginia. He has been engaged in a doctoral program in government and history at Indiana University.

From 1946 to 1949 Hah was an assistant attorney in the U. S. Army Military Government in Korea, Pusan.

He was a teaching associate in the field of American government at Indiana University for one year before his Lawrence faculty appointment in 1961.

His talk, sixth in the Lawrence Alumni-sponsored series, will be open to the public. Persons interested in attending the foreign policy series can register at the alumni office.

One of The First Registrants for the 1966 Soap Box Derby contest in Appleton filled out papers as this year's event got underway at Gibson Motors Co. Thursday. Arthur Herrman signs for his son, David, as Ike Wolfram, left, co-chairman of the Derby accepts the registration. (Post-Crescent Photo)
